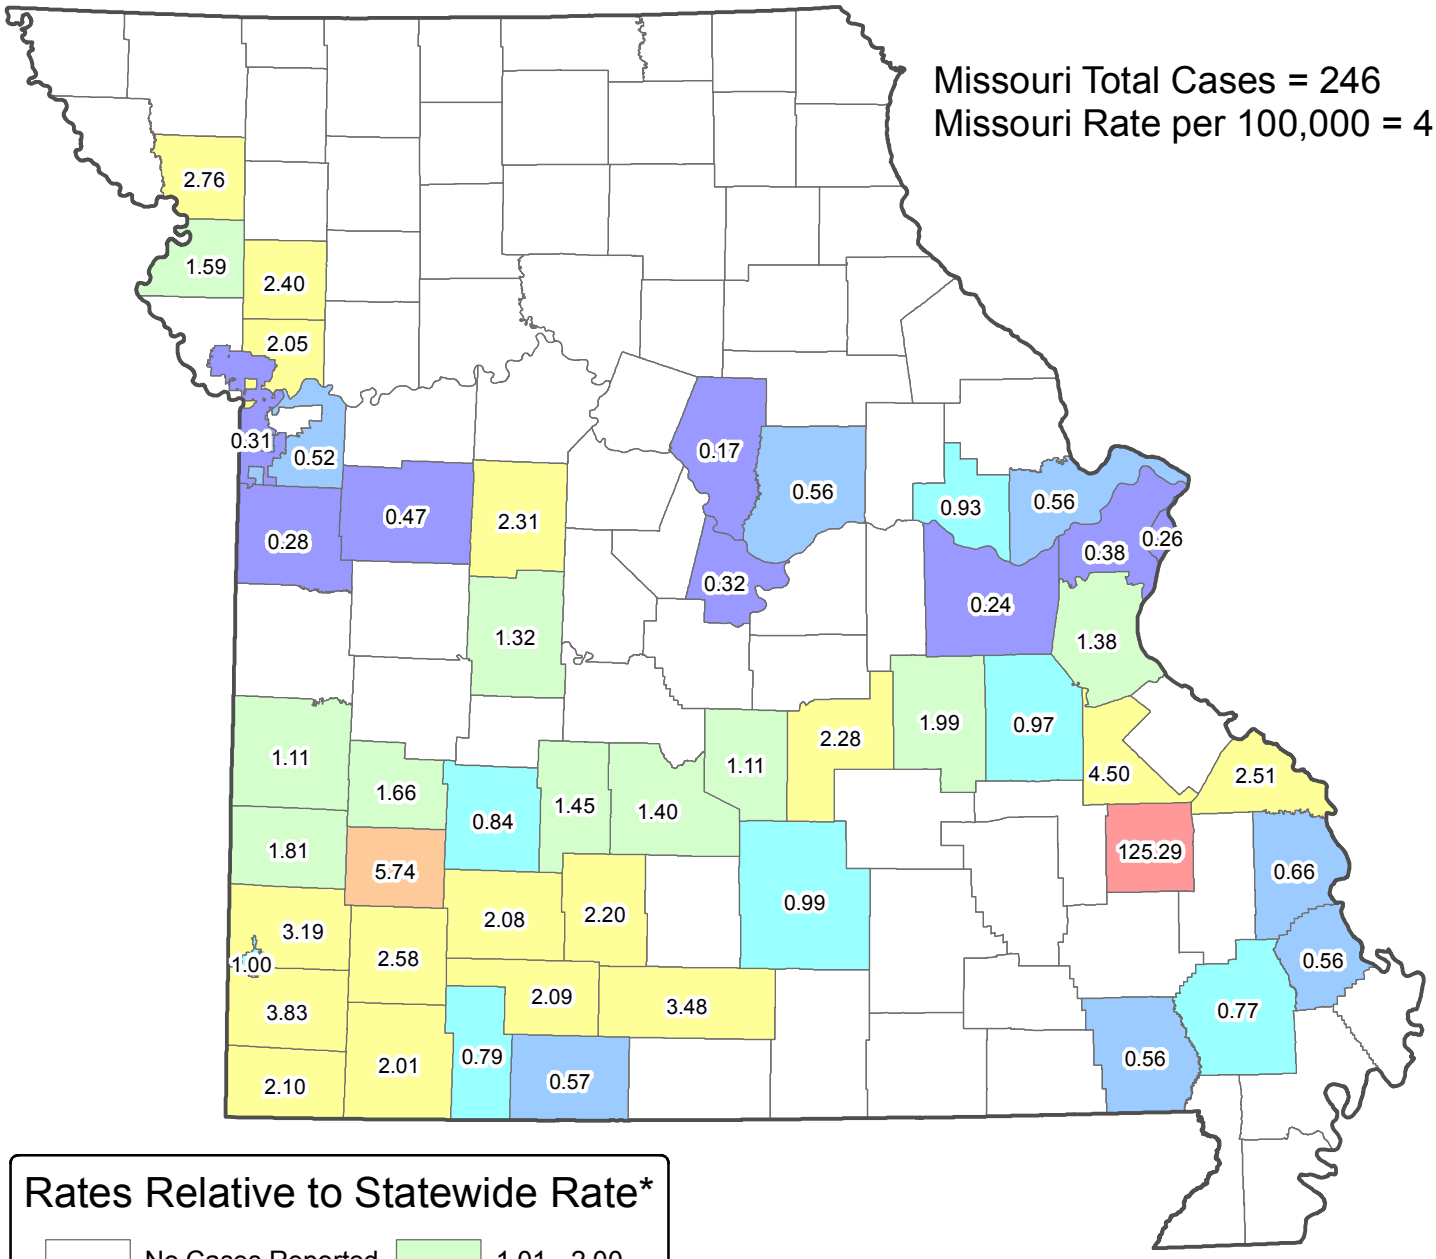
Relative Rates for Cryptosporidiosis

Missouri - 2005 (Total Cases)



Rates Relative to Statewide Rate*

No Cases Reported	1.01 - 2.00
0.01 - 0.50	2.01 - 5.00
0.51 - 0.75	5.01 - 10.00
0.76 - 1.00	10.01 +

* Relative rates (RR) are the ratio of the jurisdiction rate to the state rate. For example, a RR of 0.5 means that the jurisdiction has half the observed rate that the state as a whole does. A RR value of 1.0 would the be the same as the state and a value of 2.0 would be twice the rate than that observed for the entire state.
