MISSOURI DEPARTMENT OF HEALTH AND SENIOR SERVICES
SECTION FOR CHILD CARE REGULATION

EMERGENCY SCHOOL CLOSING OVERLAP RECORD

There may be occasional situations when schools are closed due to emergencies such as inclement weather. On those days, in order to accommodate enrolled school-age children needing care due to the unscheduled school closing, the facility shall be permitted to exceed for the day its licensed capacity by one-third (1/3). This one-third (1/3) excess attendance for emergency school closing shall not be in addition to the one-third (1/3) excess allowed for overlap care, so that at no time may the total number in care be more than one-third (1/3) over the licensed capacity.
