

State Advisory Council Trauma Subcommittee

TEAMS Meeting [Link to TEAMS Meeting](#)

March 26, 2024

10:00 AM

- I. Introductions – Welcome to Reagan Wisser. She is new at the Division of Health and Senior Services as the Administrative Assistant to Nicole Gamm.
- II. Update from the State – Nicole reported that the TDAC group is combining the March/April meetings and time to be determined. Reminded everyone how to go to the TCD portal you go to health.mo.gov under license/regulation. Click the little box on the bottom right that says Time Critical Diagnosis. You will see a box that says you are leaving the website. There is no need to log into that website to use any of the tabs. There are plans for an online application portal to be added. The pilot has started. She said it will be able to upload documents, etc. She said there will be an interactive map on the website. There is a nurse position open and hoping to be fully staffed by this summer. She has 3 more reports from the bag log that should be done this week. David said he is working with Peggy to get the TDAC information updated.
Trauma registry has no outliers. Reminders that 4th quarter data is due this week.
- III. Pediatric Subcommittee Report – Tiffany said they will be electing a new chair and co-chair. The meeting is later today.
- IV. Trauma Education
 - a. Cardinal Glennon’s June 14 [Midwest Pediatric Trauma Conference](#)
 - b. [Decision in Trauma](#) at CoxHealth on May 10
 - c. [Trends in Trauma Conference](#) is May 6-8 at Barnes Jewish Christian. There will be a DMEP course as a pre-conference.
 - d. TRAM conference on June 14 at CoxHealth
- V. Performance Improvement / Injury Prevention
 - a. Pam had talked with Dr. Andrews about her vision for this committee. The take away from the conversation was for this committee to look for ways to collaborate with EMS. Pam requested some brain storming some ways this might happen.
 - i. The EMSC is putting out a survey for EMS to complete about pediatric readiness. It is one survey per agency. There will be a score at the end of the survey with suggestions of how to improve. It goes live in May.
 - ii. Discussed bringing data about transports to share with EMS: Provide things like the #1 mechanism, the # 1 agency that brings you patients, # by air vs ground, etc.
 - iii. The group suggested going back to EMS at SAC to see what they want from us.
- VI. Around the Room
 - None
