Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

CDC will work in partnership with recipients to ensure the success of the cooperative agreement by:

In addition, CDC will fund a recipient organization under a companion NOFO, CDC-RFADP23-0021, A Strategic Approach to Advancing Health Equity for Priority Populations with or at Risk for Diabetes—Subject Matter Expertise, Training, and Technical Assistance. This recipient organization will work closely with CDC to:

- Provide supplemental technical support through a network of partners and subject matter experts;
- Establish peer learning communities to facilitate the sharing of information among recipients;
- Provide professional development and training opportunities for the purpose of sharing the latest science, best practices, success stories, and program models;
- Develop guidance documents and other resources to ensure relevant knowledge and skills to implement evidence-based approaches to diabetes management and type 2 diabetes prevention and risk reduction in priority populations; and
- Host a meeting/training during the first year of the period of performance and later in the period of performance (for a total of 2 meetings/trainings for recipients)

Budget Revision Requirement: By July 31, 2023 the recipient must submit a revised budget with a narrative justification; see specific OGS comments below. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the CDC Staff Contacts section of this notice before the due date.

Travel – Please provide the names of staff that will be travelling.

Contractual/consultant – Please see the missing contractual/consultant elements section below in the NOA for additional detail.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

Recipients will report use, or intended use, of unobligated funds in Section 12 “Remarks” of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient’s authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.
