

# Pharmacologic and Non-Pharmacologic Management of Behavioral and Psychological Symptoms of Dementia

Presented by the Department of Internal Medicine Division of Geriatrics and Department of Neurology and Psychiatry, Division of Geriatric Psychiatry, Saint Louis University School of Medicine and the St. Louis Alzheimer's Association

Saturday, March 2, 2013  
7:00 am to 12:00 pm  
Saint Louis University  
Allied Health Professions Building  
3437 Caroline Mall, Room 1034

Professionals and families often find the behaviors of persons with dementia to be challenging. This conference will address the pharmacologic and non-pharmacologic management of behavioral and psychological symptoms of dementia from the perspectives of medicine, psychology, and social work with an emphasis on cognitive behavior interventions.

The target audience for this conference is physicians, nurses and other health-care providers, particularly those working in long-term care.

AGENDA
