

SAINT LOUIS UNIVERSITY

Research Study: Improving Nursing Home-Hospital Transitions for Patients with Alzheimer's Disease

- ❖ Do you have a family member or loved one with Alzheimer's disease?
- ❖ Has your loved one ever moved between nursing homes and hospitals for medical reasons?
- ❖ Are you willing to share the details of the transition experience?

You may qualify to take part in a confidential interview that will help us IMPROVE transfer experiences for Alzheimer's patients!

Your expectations are very simple:

- ❖ Schedule interview by March 15, 2013
- ❖ Participate in phone interview (Approximately 30 minutes)
- ❖ Share as much as you can about your loved one's experiences

Your information will be kept confidential throughout the entire research study. For further information on benefits, risks, and confidentiality, please contact Dr. Louise Meret-Hanke at 314-977-8165 or Kripa Sreepada at ksreepa1@slu.edu.
