

Enhanced Well-Being: The Key to Reducing Antipsychotic Drugs

*Featuring internationally acclaimed gerontologist, author
and Associate Professor of Medicine at University of Rochester.*

G. Allen Power, M.D.

**Thursday, October 3
9:30 a.m. to 4 p.m.**

**The Ethical Society of St. Louis
9001 Clayton Road, St. Louis, MO**

“Change your mind about people whose minds have changed.”

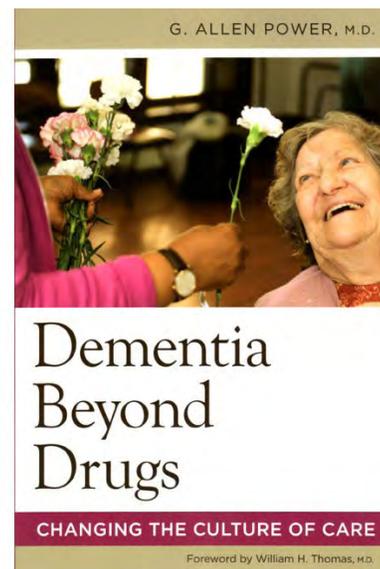

Objectives

Skilled and assisted living staff will:

- Understand how people with dementia communicate their needs and emotions and the many ways antipsychotic reduction benefits both your home and your residents.
- Discover how your team—CNAs, activity directors, DoNs, floor nurses, administrators—can work together to improve residents' quality of life.
- Decode distress through communication for better care.

Program is free, but space is limited. Fax the attached registration. For more information, visit www.primaris.org/lan/nursing-home or call Primaris 573-817-8300 ext 280. Approved for 5.0 CEUs by MANHA. TA029-414.

Neither food nor beverages are permitted in auditorium.
Lunch hour on your own.
