

East Central MC⁵ and Primaris Learning Collaborative: Using MDS 3.0 as an Engine for High Quality, Individualized Care

- ◆ Are you working on operationalizing person-centered care?
- ◆ Are you working toward QAPI?
- ◆ Do you want to hear from your colleagues and discover ways to make improvements sustainable?

Join Primaris and the East Central MC5 group on Nov. 19. Primaris and MC5 East Central Regional Group are partnering to offer an exciting collaborative opportunity in which homes can benefit from the education and experiences of a national Pioneer Network pilot project.

Monthly meetings will include:

- A toolkit
- Webinars
- Facilitation with Alexis Roam
- Sharing with all group members

Objectives of the collaborative include:

- Measureable improvement in outcomes of care
- Increased knowledge of quality improvement to make sustainable changes
- Preparation for QAPI

To learn more and join the collaborative, please plan to attend the next East Central MC5 meeting.

When: Nov. 19, 2013
10 a.m. to 12 p.m.

Where: Presbyterian Manor
1200 Home Life Rd
Rolla, MO

RSVP: Mary Ehrenreich
