

# East Central MC<sup>5</sup> and Primaris Learning Collaborative

## Operationalizing Person Centered Care and Building Capacity for QAPI

Join Primaris and the East Central MC5 group on January 21  
when they partner to offer an exciting collaborative opportunity.

### A Pioneer Network Webinar Series Integrating MDS 3.0 Into Daily Practice: How to Improve Clinical Outcomes

#### Part One: Aligning Daily Documentation and Communication

- ◆ Simplify documentation to avoid inconsistencies and gaps
- ◆ Catch problems early; Intervene effectively

Monthly meetings will include:

- A toolkit
- Webinars
- Facilitation with Alexis Roam
- Sharing with all group members

Objectives of the collaborative include:

- Measurable improvement in outcomes of care
- Increased knowledge of quality improvement to make sustainable changes
- Preparation for QAPI

To learn more and join the collaborative, please plan to attend the next East Central MC<sup>5</sup> meeting.
