

Dementia: Early Detection and Intervention

Presented by the Department of Internal Medicine Division of Geriatrics and Department of Neurology and Psychiatry, Division of Geriatric Psychiatry, Saint Louis University School of Medicine and the St. Louis Alzheimer's Association

Saturday, March 22, 2014

7:30 am to 12:00 pm

Saint Louis University

Margaret McCormick Doisy Learning Resources Center

3545 Vista Avenue

Saint Louis, MO 63104

After participating in this event, attendees will have increased knowledge of the latest research findings related to pre-dementia symptoms and early detection, assessment, and intervention.

The target audience for this conference is physicians, nurses and other health-care providers.
