One Day Toward Culture Change: *Ready... Set... GROW!*

Bring Your Team to a One-Day Intensive Culture Change Seminar . . .
Leave Inspired and Equipped to Transform YOUR Community!

Person Directed Care and Culture Change improves the lives of individuals living in long term care. It restores dignity, respect, and privacy that have been taken away from them in institutional model nursing homes.

No matter where you are on the journey, this one day program will help your team gain inspiration, momentum and practical solutions to transformation from 'Institutional Thinking' toward 'Home' and Person-Directed Living.

It takes a team to make it happen. Bring 4-5 key people from your organization. We will educate and equip them with a practical, reality-based **plan** to jump-start your community toward culture change.

Learning Objectives:

- Understand the impact of culture change on the lives of the people who live and work in nursing homes
- Learn how to successfully implement culture change
- Identify departmental responsibilities in developing and implementing culture change
- Develop a team plan for implementing culture change
- Evaluate the quality of life and financial benefits of person directed care

Who Should Attend:

- *Administrators*
- *DONs*
- *Nurses & CNAs*
- *Social Workers*
- *Activity Personnel*
- *Dietary*
- *Environmental Services*

Register by contacting Shawna at 913-477-8251 or shawnaw@gerti.org.

Sponsored by the Nettleton Foundation
