

Health Data Analysis Evaluation

Self Assessment of Skills						Strongly Disagree				Strongly Agree
<i>Statistics in Health</i>										
1)	I understand the differences between diseases and risk factors in Priorities MICA.	1	2	3	4	5				
2)	I understand that the selections I make in Priorities MICA impact the final rank order.	1	2	3	4	5				
3)	I understand how to read and interpret the rankings (of diseases or risk factors) that Priorities MICA produces.	1	2	3	4	5				
4)	I know how to calculate percentage change and percentage difference.	1	2	3	4	5				
5)	<i>Injury Scenario:</i> I know how to use confidence intervals to determine if the differences between rates are meaningful.	1	2	3	4	5				
6)	I understand how to calculate Years of Potential Life Lost using the YPLL spreadsheet and data from MICA.	1	2	3	4	5				
<i>Clear Communication</i>										
7)	I am aware of the appropriate contextual information (e.g., titles, labels, data limitations) to include when reporting health data.	1	2	3	4	5				
8)	I understand the strengths and weaknesses of the different presentation formats (i.e., tables, charts, maps, and narrative).	1	2	3	4	5				
9)	I understand the strengths and weaknesses of the different chart types (i.e., line, vertical bar, horizontal bar, and pie).	1	2	3	4	5				
10)	<i>Demographic Scenario:</i> I know how to gather demographic data from the Profiles/MICA system and use them to describe a population.	1	2	3	4	5				
11)	I know how to download a data table from the Profiles/MICA system and use it to create a chart in Microsoft Excel.	1	2	3	4	5				
12)	I understand how color affects the way data are comprehended by an audience.	1	2	3	4	5				
13)	I know how to appropriately cite materials, and I understand why citation of sources is important.	1	2	3	4	5				
Workshop Evaluation										
14)	I increased my knowledge significantly by attending this training.	1	2	3	4	5				
15)	Presenters adequately explained how the Community Data Profiles and MICAs can help me to prepare reports and presentations about the health status of my community.	1	2	3	4	5				
16)	The training handbook was useful.	1	2	3	4	5				
17)	This training course met my expectations.	1	2	3	4	5

| 19) The level of the material was . . . | 1 | 2 | 3 | 4 | 5 |

Short Answer

- 20) What were the best parts of this training?
- 21) How could this training be improved?
- 22) Which sections or topics were most useful?
- 23) Were there any sections or topics that should have been omitted from this course? If so, which ones?
- 24) Did you have any questions related to health data analysis that were not answered today? If so, please list your questions.
- 25) Are there any areas in which you need additional training? If so, please list those areas.

Additional Comments

Thank you!
