NOTE: Awards for the FY 2015 Abstinence Education program were issued in October 2014 to each State that elected to participate in this program. On Dec 16, 2014, the President signed P.L. 113-325, the "Consolidated and Further Continuing Appropriations Act of 2015," which provided that the remaining funds that were allocated but never awarded to non-participating States may now be reallocated to participating States, in accordance with the original allocation methodology. This award is the available portion of that reallocation as requested by the State.
