SPECIAL TERMS AND REQUIREMENTS

1. *Funding Opportunity Announcement (FOA) Number: DP13-1302*
Award Number: DP004861-03
Award Type: Cooperative Agreement
Applicable Regulations: 45 Code of Federal Regulations (CFR) Part 75, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards

45 CFR Part 75 supersedes regulations at 45 CFR Part 74 and Part 92

AWARD INFORMATION

Incorporation: The Centers for Disease Control and Prevention (CDC) hereby incorporates Funding Opportunity Announcement number DP13-1302, entitled “Well Integrated Screening and Evaluation for Women Across the Nation (WISEWOMAN)”, and application dated February 25, 2015, as may be amended, which are hereby made a part of this Non-Research award hereinafter referred to as the Notice of Award (NoA). The Department of Health and Human Services (HHS) grant recipients must comply with all terms and conditions outlined in their NoA, including grants policy terms and conditions contained in applicable HHS Grants Policy Statements, and requirements imposed by program statutes and regulations and HHS grant administration regulations, as applicable; as well as any requirements or limitations in any applicable appropriations acts. The term grant is used throughout this notice and includes cooperative agreements.

Note: In the event that any requirement in this Notice of Award, the Funding Opportunity Announcement, the HHS GPS, 45 CFR Part 75, or applicable statutes/appropriations acts conflict, then statutes and regulations take precedence.

Approved Funding: Funding in the amount of \$661,000 is approved for the Year 03 budget period, which is July 1, 2015 through June 30, 2016. All future year funding will be based on satisfactory programmatic progress and the availability of funds. Approved funding is comprised of Budget Period 03 new funding in the amount of \$529,444, and budget period 01 unobligated funds in the amount of \$131,556.

Note: Refer to the Payment Information section for draw down and Payment Management System (PMS) subaccount information.

Award Funding: Not funded by the Prevention and Public Health Fund

Use of Unobligated Funds: This NoA includes use of Year 01 unobligated funds in the amount of \$131,556, which has been applied as an offset to the currently approved funding level for this budget period. The use of unobligated funds is approved based on the Year 01 Federal Financial Report (FFR) dated February 27, 2015. The amount of this NoA will be subject to reduction if the final amount of unobligated funds is less than the amount of unobligated funds reported on the referenced FFR.

Technical Review Statement Response Requirement: The review comments on the strengths and weaknesses of the proposal are provided as part of this award. A response to the weaknesses in these statements must be submitted to and approved, in writing, by the Grants Management

Specialist/Grants Management Officer (GMS/GMO) noted in the Staff Contacts section of this NoA, no later than 30 days from the budget period start date. Failure to submit the required information by the due date, August 1, 2015, will cause delay in programmatic progress and will adversely affect the future funding of this project.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

Indirect Costs: Not applicable

**Public Law 101-354: Administrative expenses are in lieu of and replace indirect costs (Section 1504f of PHS Acts, as amended).

Matching Funds Requirement: To maintain the \$3:\$1 Non-Federal Match required by Section 1502(a) and (b)(1), (2), and (3) of the PHS Act, the level of Non-Federal financial participation is \$220,333. This amount is the required ratio of cost sharing. The amount reflected on this Notice of Award is \$220,333, is the amount submitted in your budget and it meets the required ratio of match. This amount is reflected in the Non-Federal Share section of your award.

Matching is calculated on the basis of the federal award amount and is comprised of grantee contributions proposed to support anticipated costs of the project during a specific budget period (confirmation of the existence of funding is supplied by the grantee via their Federal Financial Report). The grantee must be able to account separately for stewardship of the federal funding and for any required matching; it is subject to monitoring, oversight, and audit. The grantee may not use matching expenditures to count toward any Maintaining State Funding requirement.

When a grantee requests a carryover of unobligated funds from prior year(s), matching funds equal to the new requirement must be on record in the CDC grant file, or the grantee must provide evidence with the carryover request.

Maintenance of Effort (MOE) Requirement: MOE represents an applicant/grantee historical level of contributions related to Federal programmatic activities which have been made prior to the receipt of Federal funds "expenditures (money spent)." MOE is used as an indicator of non-federal support for public health security before the infusion of Federal funds. These expenditures are calculated by the grantee without reference to any Federal funding that also may have contributed to such programmatic activities in the past. Awardees must stipulate the total dollar amount in their grant applications. Grantees must be able to account for MOE separately from accounting for Federal funds and separately from accounting for any matching funds requirement; this accounting is subject to ongoing monitoring, oversight, and audit. MOE may not include any matching funds requirement.

Cost Limitations as Stated in the Consolidated and Further Continuing Appropriations Act, 2015 (Items A through E)

A. Cap on Salaries (Div. G, Title II, Sec. 203): None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II.

Note: The salary rate limitation does not restrict the salary that an organization may pay an individual

- 503 (b): No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than normal and recognized executive legislative relationships or participation by an agency or officer of an State, local or tribal government in policymaking and administrative processes within the executive branch of that government.
- 503(c): The prohibitions in subsections (a) and (b) shall include any activity to advocate or promote any proposed, pending or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale of marketing, including but not limited to the advocacy or promotion of gun control.

For additional information, see Additional Requirement 12 at <http://www.cdc.gov/grants/additionalrequirements/index.html> and Anti Lobbying Restrictions for CDC Grantees at http://www.cdc.gov/grants/documents/Anti-Lobbying_Restrictions_for_CDC_Grantees_July_2012.pdf

G, Title V, Sec. 526): (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography; (b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

establish billing or final indirect cost rates are allowable in accordance with the requirements of the Federal award(s) to which they apply, including 45 CFR Part 75, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. The grantee also has a responsibility to ensure sub-recipients expend funds in compliance with applicable federal laws and regulations. Furthermore, it is the responsibility of the grantee to ensure rent is a legitimate direct cost line item, which the grantee has supported in current and/or prior projects and these same costs have been treated as indirect costs that have not been claimed as direct costs. If rent is claimed as direct cost, the grantee must provide a narrative justification, which describes their prescribed policy to include the effective date to the assigned Grants Management Specialist (GMS) identified in the CDC Contacts for this award.

Trafficking In Persons: This award is subject to the requirements of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. Part 7104(g)).

Cancel Year: 31 U.S.C. Part 1552(a) Procedure for Appropriation Accounts Available for Definite Periods states the following, On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed appropriation account ends, the account shall be closed and any remaining balances (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose. An example is provided below:

Fiscal Year (FY) 15 funds will expire September 30, 2020. All FY 15 funds should be drawn down and reported to Payment Management Services (PMS) prior to September 30, 2020. After this date, corrections or cash requests will not be permitted.

REPORTING REQUIREMENTS

Annual Federal Financial Report (FFR, SF-425): The Annual Federal Financial Report (FFR) SF-425 is required and must be submitted to the assigned GMS no later than 90 days after the end of the calendar quarter in which the budget period ends. The FFR for this budget period is due to the GMS by September 30, 2016. Reporting timeframe is July 1, 2015 through June 30, 2016.

The FFR should only include those funds authorized and disbursed during the timeframe covered by the report. The final FFR must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. There must be no discrepancies between the final FFR expenditure data and the Payment Management System's (PMS) cash transaction data. All federal reporting in PMS is unchanged.

Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, the grantee is required to contact the Grants Officer listed in the contacts section of this notice before the due date.

The FFR may be downloaded from the following website below and submitted to the GMS via email. https://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/SF-425.pdf

Audit requirements for Subrecipients to whom 45 CFR 75 Subpart F applies: The grantee must ensure that the subrecipients receiving CDC funds also meet these requirements. The grantee must also ensure to take appropriate corrective action within six months after receipt of the subrecipient audit report in instances of non-compliance with applicable Federal law and regulations (45 CFR 75 Subpart F and HHS Grants Policy Statement). The grantee may consider whether subrecipient audits necessitate adjustment of the grantee's own accounting records. If a subrecipient is not required to have a program-specific audit, the grantee is still required to perform adequate monitoring of subrecipient activities. The grantee shall require each subrecipient to permit the independent auditor access to the subrecipient's records and financial statements. The grantee must include this requirement in all subrecipient contracts.

Note: The standards set forth in 45 CFR Part 75 Subpart F will apply to audits of fiscal years beginning on or after December 26, 2014.

In accordance with 2 CFR Chapter 1, Part 170 Reporting Sub-Award And Executive Compensation Information, Prime Awardees awarded a federal grant are required to file a FFATA sub-award report by the end of the month following the month in which the prime awardee awards any sub-grant equal to or greater than \$25,000.

If the sub-awardee merely consumes or utilizes the goods, the commodities are not in and of themselves considered sub-awards.

Copyright Interests Provision: This provision is intended to ensure that the public has access to the results and accomplishments of public health activities funded by CDC. Pursuant to applicable grant regulations and CDC's Public Access Policy, Recipient agrees to submit into the National Institutes of Health (NIH) Manuscript Submission (NIHMS) system an electronic version of the final, peer-reviewed manuscript of any such work developed under this award upon acceptance for publication, to be made publicly available no later than 12 months after the official date of publication. Also at the time of submission, Recipient and/or the Recipient's submitting author must specify the date the final manuscript will be publicly accessible through PubMed Central (PMC). Recipient and/or Recipient's submitting author must also post the manuscript through PMC within twelve (12) months of the publisher's official date of final publication; however the author is strongly encouraged to make the subject manuscript available as soon as possible. The recipient must obtain prior approval from the CDC for any exception to this provision.

Recipient and its submitting authors working

under this award are responsible for ensuring that any publishing or copyright agreements concerning submitted articles reserve adequate right to fully comply with this provision and the license reserved by CDC. The manuscript will be hosted in both PMC and the CDC Stacks institutional repository system. In progress reports for this award, recipient must identify publications subject to the CDC Public Access Policy by using the applicable NIHMS identification number for up to three (3) months after the publication date and the PubMed Central identification number (PMCID) thereafter.

Disclaimer for Conference/Meeting/Seminar Materials: Disclaimers for conferences/meetings, etc. and/or publications: If a conference/meeting/seminar is funded by a grant, cooperative agreement, sub-grant and/or a contract the grantee must include the following statement on conference materials, including promotional materials, agenda, and internet sites:

Funding for this conference was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Logo Use for Conference and Other Materials: Neither the Department of Health and Human Services (HHS) nor the CDC logo may be displayed if such display would cause confusion as to the funding source or give false appearance of Government endorsement. Use of the HHS name or logo is governed by U.S.C. Part 1320b-10, which prohibits misuse of the HHS name and emblem in written communication. A non-federal entity is unauthorized to use the HHS name or logo governed by U.S.C. Part 1320b-10. The appropriate use of the HHS logo is subject to review and approval of the HHS Office of the Assistant Secretary for Public Affairs (OASPA). Moreover, the HHS Office of the Inspector General has authority to impose civil monetary penalties for violations (42 CFR Part 1003). Accordingly, neither the HHS nor the CDC logo can be used by the grantee without the express, written consent of either the CDC Project Officer or the CDC Grants Management Officer. It is the responsibility of the grantee to request consent for use of the logo in sufficient detail to ensure a complete depiction and disclosure of all uses of the Government logos. In all cases for utilization of Government logos, the grantee must ensure written consent is received from the Project Officer and/or the Grants Management Officer.

Equipment and Products: To the greatest extent practicable, all equipment and products purchased with CDC funds should be American-made. CDC defines equipment as tangible non-expendable personal property (including exempt property) charged directly to an award having a useful life of more than one year AND an acquisition cost of \$5,000 or more per unit. However, consistent with grantee policy, a lower threshold may be established. Please provide the information to the Grants Management Officer to establish a lower equipment threshold to reflect your organization's policy.

The grantee may use its own property management standards and procedures, provided it observes provisions in applicable grant regulations found at 45 CFR Part 75.

The current regulations are pursuant to the Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002, PL 107-347.

FISMA applies to CDC grantees only when grantees collect, store, process, transmit or use information on behalf of HHS or any of its component organizations. In all other cases, FISMA is not applicable to recipients of grants, including cooperative agreements. Under FISMA, the grantee retains the original data and intellectual property, and is responsible for the security of these data, subject to all applicable laws protecting security, privacy, and research. If/When information collected by a grantee is provided to HHS, responsibility for the protection of the HHS copy of the information is transferred to HHS and it becomes the agency's responsibility to protect that information and any derivative copies as required by FISMA. The GMS/GMO is responsible for the business management and administrative functions. The PO is responsible for the programmatic, scientific, and/or technical aspects. The purpose of this factsheet is to distinguish between the roles and responsibilities of the GMO/GMS and the PO to provide a description of their respective duties.

grants

- Receiving and processing reports and prior approval requests such as changes in funding, carryover, budget redirection, or changes to the terms and conditions of an award
- Maintaining the official grant file and program book

1. Technical Review

**WISEWOMAN PROGRAM
FUNDING OPPORTUNITY ANNOUNCEMENT CDC-RFA-DP13-1302**

TECHNICAL REVIEW SUMMARY STATEMENT

Application Number: 1U58DP004867

Principal Investigator/Program Director: Patricia Brookover/Robin Roberts

Organization: Michigan Department of Community Health (MDCH)

City, State: Lansing, MI

Amount Requested: \$1,485,000

Project Year: 3 from July 1, 2015 to June 30, 2016

Recommendation: Approve

Date Reviewed: March 20, 2015

DESCRIPTION:

Michigan WISEWOMAN requests \$1,485,000 (the same amount as awarded in Year 2) to provide cardiovascular screening and risk reduction counseling to at least 3,650 women. The program will continue to contract with its 9 local WISEWOMAN agencies (LWAs) and a total of 26 sites across 26 counties. The program plans to expand to additional counties in urban areas of the state for the first time.

The program is providing three different healthy support options: (1) Health Coaching (based on MI Health Partnership; (2) DPP and (3) TOPS. The program also offers Entrepreneurial Gardening classes to WISEWOMAN participants and plans to expand entrepreneurial gardening program to all WISEWOMAN communities in year 3. Michigan WISEWOMAN is implementing a medication adherence protocol to address uncontrolled hypertension.

The WISEWOMAN data system (MBCIS*WISEWOMAN) is part of the MBCIS Michigan Breast and Cervical Cancer Information System database. Michigan WISEWOMAN contracts with Michigan Public Health Institute (MPHI) to conduct an evaluation for the program. Michigan also has a shared evaluation consultant on staff to direct the evaluation efforts.

PROJECT STAFF:

Technical Review Summary

Michigan WISEWOMAN is staffed a total of 2.9 FTEs with Robin Roberts as the full-time Program Director/Program Manager and .8 FTEs provided in-kind by state dollars. The newly created position for .4 Public Health Consultant in the role of shared evaluation consultant was filled in Year 2.

Position	FTE (federal funding)	FTE (state match)	WISEWOMAN Total FTE	Name
Program Manager	.75	.25	1.00	Robin Roberts
Statistical Staff Specialist	.25	-	.25	Michael Carr
Intervention Specialist	.60	.40	1.00	Viki Lorraine
Public Health Consultant	.40	-	.40	Dilhara Muthukuda
Section Secretary	.10	-	.10	Sandie Richardson
Cancer Section Manager		.10	.10	Patricia Brookover
BCCCP Manager		.05	.05	Paulette Valliere
Total FTE	2.1	.80	2.90	

SUMMARY OF STRENGTHS:

- Michigan WISEWOMAN provides a clearly written work plan and detailed flow chart of its direct service implementation.
- Program activities are overseen by an experienced WISEWOMAN team that has been in place for several years.
- The program developed an evaluation plan that includes the three priority areas and evaluation questions that are process and outcome.
- For evaluation area 1, the program included five evaluation questions.

SUMMARY OF WEAKNESSES:

- Michigan has reported that it will not meet or exceed 95% of CDC approved screening goal due to implementation of ACA. Michigan should keep the project officer informed of key decisions on new strategies to reach more women so as to meet this performance measure in year 3.
- Although the program listed the evaluation stakeholders, the program did not provide a brief description of how it engaged the stakeholders.
- Under evaluation question 2d, the program noted that its data sources would be interviews but the method for collecting the information was data queries.

RECOMMENDATION(S):

- Grantee should submit an estimate of unobligated funds and any request to carryover unobligated funds as soon as feasible to ensure time to fully utilize funds carried over.
- Grantee should include a brief description of how the key stakeholders were engaged.

Technical Review Summary

- Grantee should consider revising the method for evaluation questions 2d if using interviews as a data source. Instead of data queries, telephone or in-person interviews maybe a better description of the method used.

BUDGET:

- The budget is clearly delineated, appropriately justified, aligned with activities and accurate.

ADDITIONAL PROGRAM GUIDANCE:

- The program should work with their project officer and evaluation specialist to revise the evaluation plan to align with CDC expectations.
- It is expected that the program will conduct 3,685 screenings in 2015-16.
- The minimum data elements for the second six month period of year 2, January 1, 2015 to June 30, 2015, will be due to CDC on October 1, 2015. MDE submission dates for year 3, July 1, 2015 to June 30, 2016, will be April 1, 2016 and October 1, 2016.

THE GRANTEE SHOULD SUBMIT THE FOLLOWING:

Response to Technical Review

- Recipient is asked to submit responses to the “Additional Program Guidance” identified in the Technical Review Summary Statement to their project officer within 45 days after receipt of the Notice of Grant Award. No PGO response is necessary. Responses should be reflective only of the guidance identified and not a resubmission of the entire application.
