**TERMS AND CONDITIONS OF THIS AWARD**

**NOTE 1. INCORPORATION:** Funding Opportunity Announcement Number CDC-RFA-DP12-1205 entitled "Cancer Prevention and Control Program for State, Territorial and Tribal Organizations", and the grantee's Interim Progress Report (IPR) dated 03/15/2013, as amended, and the grantee's revised budget dated 06/07/2013 are made a part of this Non-Research Continuation award by reference.

**CLARIFICATION:** The Statutory Authority of 42 USC 241 42 CFR 52 cited on the first page of this Notice of Award is incorrect. The correct Statutory Authority for this grant under FOA DP12-1205 is: The Public Health Service Act, Sections 307 and 317(k)(1) [42 U.S.C. 242l and 247b(k)(1)], as amended.

**NOTE 2. APPROVED FUNDING:** Funding in the amount of \$4,005,195 is approved for the Year 02 budget period, which is 06/30/2013 through 06/29/2014. All funding for future years will be based on satisfactory programmatic progress and the availability of funds. See attached spreadsheet regarding allocation of funding for each component.

**NOTE 3. REVISED BUDGET SPECIAL CONDITION:** CDC acknowledges receipt of your pre-award revised budget submission.

**NOTE 4. USE OF UNOBLIGATED FUNDS.** Not Applicable.

**NOTE 5. INDIRECT COSTS:** Indirect costs are approved based on the Indirect Cost Rate Agreement dated 02/07/2013 which calculates indirect costs as follows:

Type: Fixed

Rate: 24.90%

Applicable to: All programs

Base: Direct salaries and wages including all Fringe Benefits. The effective dates of this indirect cost rate are from 07/01/2012 to 06/30/2013.

NBCCEDP: Administrative Costs in lieu of Indirect Costs in the amount of \$153,719 awarded and is included in cost category "Other".

NOTE 6. RENT OR SPACE COSTS: Recipients are responsible for ensuring that all costs included in this proposal to establish billing or final indirect cost rates are allowable in accordance with the requirements of the Federal award(s) to which they apply and 2 CFR Part 225, Cost Principles for State, Local, and Indian Tribal Governments (OMB Circular A-87), 2 CFR PART 225, "Cost Principles for State, Local, and Tribal Governments; A-21, Cost Principles for Educational Institutions" and 2 CFR 230 "Cost Principles for Non-Profit Organizations". The recipient also has a responsibility to ensure sub-recipients expend funds in compliance with federal laws and regulations. Furthermore, it is the responsibility of the recipient to ensure rent is a legitimate direct cost line item which the recipient has supported in current and/or prior projects and these same costs have been treated as indirect costs that have not been claimed as direct costs. If rent is claimed as direct cost, the recipient must provide a narrative justification which describes their prescribed policy to include the effective date to the assigned Grants Management Specialist noted in Section IV. Staff Contacts.

NOTE 7. MATCHING FUNDS REQUIREMENT: Matching is calculated on the basis of the federal award amount and is comprised of grantee contributions proposed to support anticipated costs of the project during a specific budget period. Grantee must be able to account separately for stewardship of the federal funding and for any required matching; it is subject to monitoring, oversight, and audit. Grantee matching expenditures may not be used to count toward any Maintaining State Funding requirement.

Matching Funds and Unobligated Funds. When a grantee requests to carry over unobligated funds from prior year(s), matching funds equal to the new requirement must be on record in the CDC cooperative agreement file, or the grantee must provide evidence with the carryover request.

NBCCEDP: To maintain the \$3:\$1 Non-Federal Match required by Public Law 101-354, the level of Non-Federal financial participation is \$910,301. This amount is the required ratio of cost sharing. Therefore, the amount reflected on this Notice of Award, \$910,301, is the amount reflected on Page 2, Section 1 of this Notice of Award as the "Non-Federal Share".

Title 48 of the U.S. Code 1469a (d) requires DHHS to waive matching fund requirements for Guam, U.S. Virgin Islands, American Samoa and the Commonwealth of the Northern Mariana Islands up to \$200,000.

CFDA: 93.919

NPCR: To maintain the \$3:\$1 Non-Federal Match required by Public Law 102-515, as amended, the level of Non-Federal financial participation is \$325,343. This amount is the required ratio of cost sharing. Therefore, the amount reflected on this Notice of Award, \$325,343, is the amount reflected on Page 2, in Section 1 of this NOA as the "Non-Federal Share".

CFDA: 93.283

NCCCP: Cost sharing funds are encouraged in an amount not less than ten percent of Federal funds awarded under this program. Cost sharing funds may be cash, in-kind, or donated services or equipment. Contributions may be made directly or through donations from public or private entities. Public Law 93-638 authorizes tribal organizations contracting under the authority of Title 1 to use funds received under the Indian Self-Determination Act as cost sharing funds. The level of encouraged Non-Federal financial participation is \$25,111. This amount is the encouraged ratio of cost sharing. Therefore, the amount reflected on this Notice of Award, \$25,111, is the amount reflected on Page 2, in Section 1 of this NOA as the "Non-Federal Share".

CFDA: 93.283

Please note that when the grantee is not able to meet the required level of matching funds, the CDC must be notified immediately. CDC shall reduce the amount of the Federal share of

cooperative agreement so that the maximum Federal share of total project costs is not exceeded.

**NOTE 8. MAINTENANCE OF EFFORT (MOE) REQUIREMENT.** Maintenance of Effort represents an applicant/grantee historical level of contributions related to Federal programmatic activities which have been made prior to the receipt of Federal funds expenditures (money spent). The MOE is used as an indicator of non-federal support for public health security before the infusion of Federal funds. These expenditures are calculated by the grantee without reference to any Federal funding that also may have contributed to such programmatic activities in the past. Awardees must stipulate the total dollar amount in their cooperative agreement applications. Grantees must be able to account for MOE separately from accounting for Federal funds and separately from accounting for any matching funds requirement; this accounting is subject to ongoing monitoring, oversight, and audit. MOE may not include any matching funds requirement.

NBCCEDP: Grantee calculated MOE is \$90,293  
NPCR: Grantee calculated MOE is \$240,753

**NOTE 9. REPORTING REQUIREMENTS:**

#### CENTRAL CONTRACTOR REGISTRATION AND UNIVERSAL IDENTIFIER REQUIREMENTS

All applicant organizations must obtain a DUN and Bradstreet (D&B) Data Universal Numbering System (DUNS) number as the Universal Identifier when applying for Federal grants or cooperative agreements. The DUNS number is a nine-digit number assigned by Dun and Bradstreet Information Services. An AOR should be consulted to determine the appropriate number. If the organization does not have a DUNS number, an AOR should complete the US D&B D-U-N-S Number Request Form or contact Dun and Bradstreet by telephone directly at 1-866-705-5711 (toll-free) to obtain one. A DUNS number will be provided immediately by telephone at no charge. Note this is an organizational number. Individual Program Directors/Principal Investigators do not need to register for a DUNS.

Additionally, all applicant organizations must register in the Central Contractor Registry (CCR) and maintain the registration with current information at all times during which it has an application under consideration for funding by CDC and, if an award is made, until a final financial report is submitted or the final payment is received, whichever is later. CCR is the primary registrant database for the Federal government and is the repository into which an entity must provide information required for the conduct of business as a recipient. Additional information about registration procedures may be found at the CCR internet site at [www.ccr.gov](http://www.ccr.gov). If an award is granted, the grantee organization must notify potential sub-recipients that no organization may receive a subaward under the grant unless the organization has provided its DUNS number to the grantee organization.

#### FEDERAL INFORMATION SECURITY MANAGEMENT ACT (FISMA):

All information systems, electronic or hard copy which contain federal data need to be protected from unauthorized access. This also applies to information associated with CDC grants. Congress and the OMB have instituted laws, policies and directives that govern the creation and implementation of federal information security practices that pertain specifically to grants and contracts. The current regulations are pursuant to the Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002 Pub. L. No. 107-347.

FISMA applies to CDC grantees only when grantees collect, store, process, transmit or use information on behalf of HHS or any of its component organizations. In all other cases, FISMA is not applicable to recipients of grants, including cooperative agreements. Under FISMA, the grantee retains the original data and intellectual property, and is responsible for the security of this data, subject to all applicable laws protecting security, privacy, and research. If and when information collected by a grantee is provided to HHS, responsibility for the protection of the HHS copy of the information is transferred to HHS and it becomes the agency's responsibility to protect that information and any derivative copies as required by FISMA. For the full text of the requirements under Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002 Pub. L. No. 107-347, please review the following website:

#### NON-DELINQUENCY on FEDERAL DEBT

The Federal Debt Collection Procedures Act of 1990 (Act), 28 U.S.C. 3201(e), provides that an organization or individual that is indebted to the United States, and has a judgment lien filed against it, is ineligible to receive a Federal grant. CDC cannot award a grant unless the AOR of the applicant organization (or individual in the case of a Kirschstein-NRSA individual fellowship) certifies, by means of his/her signature on the application, that the organization (or individual) is not delinquent in repaying any Federal debt. If the applicant discloses delinquency on a debt owed to the Federal government, CDC may not award the grant until the debt is satisfied or satisfactory arrangements are made with the agency to which the debt is owed. In addition, once the debt is repaid or satisfactory arrangements made, CDC will take that delinquency into account when determining whether the applicant would be a responsible CDC grant recipient.

Anyone who has been judged to be in default on a Federal debt and who has had a judgment lien filed against him or her should not be listed as a participant in an application for a CDC grant until the judgment is paid in full or is otherwise satisfied. No funds may be used for or rebudgeted following an award to pay such an individual. CDC will disallow costs charged to awards that provide funds to individuals in violation of this Act.

These requirements apply to all types of organizations and awards, including foreign grants.

NOTE 11. ANNUAL FEDERAL FINANCIAL REPORT (FFR): The Annual Federal Financial Report (FFR) SF 425 is required and must be submitted through eRA Commons within 90 days after the end of the reporting quarter of each reporting period. In this instance, the end of the budget period coincides with the end of reporting period. Therefore, the FFR is due to the Grants Management Specialist by 09/29/2014. Reporting timeframe is 06/30/2013 through 06/29/2014.

The FFR should only include those funds authorized and disbursed during the timeframe covered by the report. The final FFR must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. There must be no discrepancies between the final FFR expenditure data and the Payment Management System's (PMS) cash transaction data.

eRa Commons website: <http://era.nih.gov/>

If the FFR is not finalized by the due date, an interim FFR must be submitted, marked NOT FINAL, and an amount of unliquidated obligations should be annotated to reflect unpaid expenses. **NOTE 13. AUDIT REQUIREMENT:** An organization that expends \$500,000 or more in a year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of OMB Circular A-133, Audit of States, Local Governments, and Non-Profit Organizations. The audit must be completed along with a data collection form, and the reporting package shall be submitted within the earlier of 30 days after receipt of the auditor's report(s), or nine months after the end of the audit period. The audit report must be sent to:

Federal Audit Clearing House  
Bureau of the Census  
1201 East 10th Street  
Jeffersonville, IN 47132

Should you have questions regarding the submission or processing of your Single Audit Package, contact the Federal Audit Clearinghouse at: (301) 763-1551, (800) 253-0696 or email: [govs.fac@census.gov](mailto:govs.fac@census.gov). It is very helpful to CDC managers if the recipient sends a courtesy copy of completed audits and any management letters on a voluntary basis to the following address.

Centers for Disease Control and Prevention (CDC)  
ATTN: Audit Resolution, Mail Stop E-14  
2920 Brandywine Road  
Atlanta, GA 30341-4146

The grantee is to ensure that the sub-recipients receiving CDC funds also meet these requirements (if total Federal grant or cooperative agreement funds received exceed \$500,000). The grantee must also ensure that appropriate corrective action is taken within six months after receipt of the sub-recipient audit report in instances of non-compliance with Federal law and regulations. The grantee is to consider whether sub-recipient audits necessitate adjustment of the grantee's own accounting records. If a sub-recipient is not required to have a program-specific audit, the Grantee is still required to perform adequate monitoring of sub-recipient activities. The grantee is to require each sub-recipient to permit independent auditors to have access to the sub-recipient's records and financial statements. The grantee should include this requirement in all sub-recipient contracts.

**NOTE 14. SUBGRANT/SUBRECIPIENT AWARDS:** Seed Grants/Sub-Grants are not authorized under this program or included in Program authorizing legislature. As a result, the recipient is not permitted to fund seed grants or sub-grants. Recipient must issue proposed funding as a procurement requirement per the organization's established procedures.

**NOTE 15. TRAVEL COST:** In accordance with Health and Human Services (HHS) Grants Policy Statement, travel costs are only allowable where such travel will provide direct benefit to the project or program. There must be a direct benefit imparted on behalf of the traveler as it applies to the approved activities of the Notice of Award. To prevent disallowance of cost, Recipient is responsible for ensuring that only allowable travel reimbursements are applied in accordance with their organization's established travel policies and procedures. Recipients approved policies must meet the requirements of 45 CFR Parts 74 and 92 as applicable.

**NOTE 16. FOOD AND MEALS:** Costs associated with food or meals are allowable when consistent OMB Circulars and guidance, DHHS Federal regulations, Program Regulations, DHHS policies and guidance. In addition, costs must be proposed in accordance with recipients approved policies and a determination of reasonableness has been performed by the recipients. Recipients approved policies must meet the requirements of 45 CFR Parts 74 and 92 as applicable.

**Note 17. PRIOR APPROVAL:** All requests, which require prior approval, must bear the signature of an authorized official of the business office of the grantee organization and the principal investigator or program or project director named on this notice of award. Any request received that reflects only one signature will be returned to the grantee unprocessed. All prior approval requests must be submitted with an original plus two copies. The request must be postmarked no

later than 120 days prior to the end date of the current budget period. All requests for prior approvals MUST be received by PGO prior to February 28, 2014. Additionally, any requests involving funding issues must include an itemized budget and a narrative justification for the requested action.

Prior approval is required but is not limited to the following types of requests: 1) Lift funding restriction(s), withholding, or disallowance, 2) Redirection of funds, 3) Change in Contractor/Consultant; 4) Supplemental funds; 5) Response to Technical Review or Summary Statement, 6) Change in Key Personnel, or 7) Liquidation Extensions.

NOTE 19. INVENTIONS: Acceptance of grant funds obligates recipients to comply with the standard patent rights clause in 37 CFR 401.14.

NOTE 20. PUBLICATIONS: Publications, journal articles, etc. produced under a CDC grant support project must bear an acknowledgment and disclaimer, as appropriate, for example: This publication (journal article, etc.) was supported by the Cooperative Agreement Number above from The Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention.

NOTE 21. CANCEL YEAR. 31 U.S.C. 1552(a) Procedure for Appropriation Accounts Available for Definite Periods states the following, On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed year appropriation account ends, the account shall be closed and any remaining balances (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose. An example is provided below:

FY 2012 funds will expire September 30, 2017. All FY 2012 funds should be drawn down and reported to Payment Management System (PMS) prior to September 30, 2012. After this date, corrections or cash requests will not be permitted.

NOTE 22. CONFERENCE DISCLAIMER AND USE OF LOGOS:

Disclaimer. If a conference is funded by a grant, cooperative agreement, sub-grant and/or a contract the recipient must include the following statement on conference materials, including promotional materials, agenda, and internet sites:

Funding for this conference was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily do not reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Logos. Neither the HHS nor the CDC logo may be displayed if such display would cause confusion as to the conference source or give false appearance of Government endorsement. Use of the HHS name or logo is governed by U.S.C. 1320b-10, which prohibits misuse of the HHS name and emblem in written communication. A non-federal entity is unauthorized to use the HHS name or logo governed by U.S.C. 1320b-10. The appropriate use of the HHS logo is subject to review and approval of the Office of the Assistant Secretary for Public Affairs (OASPA). Moreover, the Office of the Inspector General has authority to impose civil monetary penalties for violations (42 C.F.R. Part 1003). Neither the HHS nor the CDC logo can be used on conference

materials, under a grant, cooperative agreement, and contract or co-sponsorship agreement without the expressed, written consent of either the Project Officer or the Grants Management Officer.

It is the responsibility of the grantee (or recipient of funds under a cooperative agreement) to request consent for use of the logo in sufficient detail to ensure a complete depiction and disclosure of all uses of the Government logos. In all cases for utilization of Government logos, the grantee must ensure written consent is received from the Project Officer and/or the Grants Management Officer.

NOTE 23. EQUIPMENT AND PRODUCTS: To the greatest extent practicable, all equipment and products purchased with CDC funds should be American-made. CDC defines equipment as tangible non-expendable personal property (including exempt property) charged directly to an award having a useful life of more than one year AND an acquisition cost of \$5,000 or more per unit. However, consistent with recipient policy, a lower threshold may be established. Please provide the information to the Grants Management Officer to establish a lower equipment threshold to reflect your organization's policy.

The grantee may use its own property management standards and procedures provided it observes provisions of the following sections in the Office of Management and Budget (OMB) Circular A-110 and 45 CFR Part 92:

i. Office of Management and Budget (OMB) Circular A-110, Sections 31 through 37 provides the uniform administrative requirements for grants and agreements with institutions of higher education, hospitals, and other non-profit organizations. For additional information, please review the following website: <http://www.whitehouse.gov/omb/circulars/a110/a110.html>

ii. 45 CFR Parts 92.31 and 92.32 provides the uniform administrative requirements for grants and cooperative agreements to state, local and tribal governments. For additional information, please review the following website listed: [http://www.access.gpo.gov/nara/cfr/waisidx\\_03/45cfr92\\_03.html](http://www.access.gpo.gov/nara/cfr/waisidx_03/45cfr92_03.html)

NOTE 24. PROGRAM INCOME: Any program income generated under this cooperative agreement will be used in accordance with the additional cost alternative. The disposition of program income must have written prior approval from the Grants Management Officer.

Additional Costs Alternative--Used for costs that are in addition to the allowable costs of the project for any purposes that further the objectives of the legislation under which the cooperative agreement was made. General program income subject to this alternative shall be reported on lines 10r and 10s, as appropriate, of the FSR (Long Form).

NOTE 25. KEY PERSONNEL: In accordance with 45 CFR 74.25(c)(2) & (3) CDC recipients shall obtain prior approvals from CDC for (1) change in the project director or principal investigator or other key persons specified in the application or award document, and (2) the absence for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

Note 26. TRAFFICKING IN PERSONS. This award is subject to the requirements of Section 106 (g) of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. 7104). For the full text of the award terms and conditions, please review the following website: [http://www.cdc.gov/od/pgo/funding/grants/Award\\_Term\\_and\\_Condition\\_for\\_Trafficking\\_in\\_Persons.shtm](http://www.cdc.gov/od/pgo/funding/grants/Award_Term_and_Condition_for_Trafficking_in_Persons.shtm)

NOTE 27. ACKNOWLEDGMENT OF FEDERAL SUPPORT: When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all awardees receiving Federal funds, including and not limited to State and local governments and recipients of Federal research grants, shall clearly state (1) the percentage of the total costs of the program or project which will be financed with Federal money, (2) the dollar amount of Federal funds for the project or program, and (3) percentage and dollar amount of the total costs of the project or program that will be financed by nongovernmental sources.

NOTE 28. Lobbying Restrictions (June 2012)

Applicants should be aware that award recipients are prohibited from using CDC/HHS funds to engage in any lobbying activity. Specifically, no part of the federal award shall be used to pay the salary or expenses of any grant recipient, subrecipient, or agent acting for such recipient or subrecipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any state government, state legislature or local legislature or legislative body.

Restrictions on lobbying activities described above also specifically apply to lobbying related to any proposed, pending, or future Federal, state, or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale or marketing, including but not limited to the advocacy or promotion of gun control.

This prohibition includes grass roots lobbying efforts by award recipients that are directed at inducing members of the public to contact their elected representatives to urge support of, or opposition to, proposed or pending legislation, appropriations, regulations, administrative actions, or Executive Orders (hereinafter referred to collectively as "legislation and other orders"). Further prohibited grass roots lobbying communications by award recipients using federal funds could also encompass any effort to influence legislation through an attempt to affect the opinions of the general public or any segment of the population if the communications refer to specific legislation and/or other orders, directly express a view on such legislation or other orders, and encourage the audience to take action with respect to the matter.

In accordance with applicable law, direct lobbying communications by award recipients are also prohibited. Direct lobbying includes any attempt to influence legislative or other similar deliberations at all levels of government through communications that directly express a view on proposed or pending legislation and other orders and which are directed to members, staff, or other employees of a legislative body or to government officials or employees who participate in the formulation of legislation or other orders.

Lobbying prohibitions also extend to include CDC/HHS grants and cooperative agreements that, in whole or in part, involve conferences. Federal funds cannot be used directly or indirectly to encourage participants in such conferences to impermissibly lobby. However, these prohibitions are not intended to prohibit all interaction with the legislative or executive branches of governments, or to prohibit educational efforts pertaining to public health that are within the scope of the CDC award. For state, local, and other governmental grantees, certain activities falling within the normal and recognized executive-legislative relationships or participation by an agency or officer of a state, local, or tribal government in policymaking and administrative processes within the executive branch of that government are permissible. There are circumstances for such grantees, in the course of such a normal and recognized executive-legislative relationship, when it is permissible to provide information to the legislative branch in order to foster implementation of prevention strategies to promote public health. However, such communications cannot directly urge the decision makers to act with respect to specific legislation or expressly solicit members of the public to contact the decision makers to urge such action.

Many non-profit grantees, in order to retain their tax-exempt status, have long operated under settled definitions of "lobbying" and "influencing legislation." These definitions are a useful benchmark for all non-government grantees, regardless of tax status. Under these definitions, grantees are permitted to (1) prepare and disseminate certain non-partisan analysis, study, or research reports; (2) engage in examinations and discussions of broad social, economic, and similar problems in reports and at conferences; and (3) provide technical advice or assistance upon a written request by a legislative body or committee.

Award recipients should also note that using CDC/HHS funds to develop and/or disseminate materials that exhibit all three of the following characteristics are prohibited: (1) refer to specific legislation or other order; (2) reflect a point of view on that legislation or other order; and (3) contain an overt call to action.

It remains permissible for CDC/HHS grantees to use CDC funds to engage in activities to enhance prevention; collect and analyze data; publish and disseminate results of research and surveillance data; implement prevention strategies; conduct community outreach services; foster coalition building and consensus on public health initiatives; provide leadership and training, and foster safe and healthful environments.

Note also that under the provisions of 31 U.S.C. Section 1352, recipients (and their sub-tier contractors and/or funded parties) are prohibited from using appropriated Federal funds to lobby in connection with the award, extension, continuation, renewal, amendment, or modification of the funding mechanism under which monetary assistance was received. In accordance with applicable regulations and law, certain covered entities must give assurances that they will not engage in prohibited activities.

CDC cautions recipients of CDC funds to be careful not to give the appearance that CDC funds are being used to carry out activities in a manner that is prohibited under Federal law. Recipients of CDC funds should give close attention to isolating and separating the appropriate use of CDC funds from non-CDC funds. Use of federal funds inconsistent with these lobbying restrictions could result in disallowance of the cost of the activity or action found not to be in compliance as well as potentially other enforcement actions as outlined in applicable grants regulations.

**NOTE 29. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA):**  
Pursuant to the Standards for Privacy of Individually Identifiable Health Information promulgated under the Health Insurance Portability and Accountability Act (HIPAA)(45 CFR Parts 160 and 164) covered entities may disclose protected health information to public health authorities authorized by law to collect or received such information for the purpose of preventing or controlling disease, injury, or disability, including, but not limited to, the reporting of disease, injury, vital events such as birth or death, and the conduct of public health surveillance, public health investigations, and public health interventions. The definition of a public health authority includes a person or entity acting under a grant of authority from or contract with such public agency. Through this agreement, the [Insert recipient Name] is acting under a grant of authority from CDC to carry out [Insert: Name of project/activity] which is authorized by [Insert: Statutory authority from Public Health Service Act, Comprehensive Environmental Response, Compensation, and Liability Act, or other legislation (this information should be provided by the awarding program)]. The CDC grants this authority to [Insert: partner name] for purposes of this project. Further, CDC considers this to be [Insert: type of public health activity, i.e. disease/injury reporting, vital events, surveillance, investigations, intervention, registry] for which disclosure of protected health information by covered entities is authorized by section 164.512(b)).
