# HRSA Electronic Handbooks (EHBs) Registration Requirements

The Project Director of the grant (listed on this NoA) and the Authorizing Official of the grantee organization are required to register (if not already registered) within HRSA's Electronic Handbooks (EHBs). Registration within HRSA EHBs is required only once for each user for each organization they represent. To complete the registration quickly and efficiently we recommend that you note the 10-digit grant number from box 4b of this NoA. After you have completed the initial registration steps (i.e.,created an individual account and associated it with the correct grantee organization record), be sure to add this grant to your portfolio. This registration in HRSA EHBs is required for submission of noncompeting continuation applications. In addition, you can also use HRSA EHBs to perform other activities such as updating addresses, updating email addresses and submitting certain deliverables electronically. Visit

https://grants3.hrsa.gov/2010/WebEPSExternal/Interface/common/accesscontrol/login.aspx to use the system. Additional help is available online and/or from the HRSA Call Center at 877-Go4-HRSA/877-464-4772.

# **Terms and Conditions**

Failure to comply with the remarks, terms, conditions, or reporting requirements may result in a draw down restriction being placed on your Payment Management System account or denial of future funding.

## Grant Specific Term(s)

1. The document number referenced has expired and is closed in the Payment Management System. The closeout of this grant does not automatically cancel any requirements for property accountability, record retention, or financial accountability.

Recipients must continue to track all equipment and supplies acquired under the award after grant closeout in accordance with the property management requirements of 45 CFR Part 75, as applicable. The recipient must request disposition instructions from HRSA for any property that is no longer needed. Any real property acquired with DHHS grant support may not be conveyed, transferred, assigned, mortgaged, or in any other manner encumbered by the grantee, except as expressly authorized in writing by the DHHS awarding component or its successor organization. The Government's interest in real property acquired under grants is described in 45 CFR Part 75. Following closeout, the recipient remains obligated to return funds due as a result of later refunds, corrections, or other transactions, and the

Federal government may recover amounts based on the results of an audit covering any part of the period of grant support. All funds due that are not returned constitute a debt to the Federal government.

If the grant is closed based on approved provisional indirect cost rates and negotiated final indirect cost rates are lower than the approved provisional rates, your organization is required to recalculate indirect costs and return all excess indirect costs claimed to HRSA within 45 days of the date of the letter transmitting the final rates. Your final rates may have come from the DHHS or another cognizant Federal agency. The return of excess indirect costs must be accompanied by a revised final Federal Financial Report (FFR).

Please keep in mind financial records, programmatic records, supporting documents, and all other grant-related records shall be retained for a period of 3 (three) years calculated from the date the final FFR was submitted. If any litigation, claim, financial management review, or audit is started before expiration of the 3-year period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved and final disposition.

All prior terms and conditions remain in effect unless specifically removed.
