# National Rural Health Day

*Celebrating the Power of Rural!*

*November 20, 2014*

Did you know that 89% of Missouri's land is located within rural counties with approximately 2.23 million Missourians, or 37% of Missouri's population, living in rural areas?

Rural areas have unique healthcare needs and it is constantly evolving.

Share your rural health success stories or your National Rural Health Day activities for future rural spotlights with the Office of Primary Care and Rural Health at [OPCRHInfo@health.mo.gov](mailto:OPCRHInfo@health.mo.gov).

*Join the Missouri Department of Health and Senior Services and the Office of Primary Care and Rural Health in celebrating the power of rural and National Rural Health Day on November 20, 2014!*

For more information on how you can celebrate, go to: <http://celebratepowerofrural.org>.

**Celebrating the Power of Rural = Healthy Changes. Healthy Lives. Healthy Families. Healthy Communities. Make every day a rural health day!**
