## ANNUAL RETREAT

Miller County Health Center and the Family Partners have things underway for planning our next annual parent/caregiver retreat. It will be held again in November 2008, so make sure you watch for details in the next newsletter for retreat information/registration to come and enjoy another fun and information packed time with other caregivers around the state!

Spring is here and Summer is soon to follow! Check out some of the states awesome summer camps!

### **The Kids Assistive Technology**

program (KAT) can provide limited funding for assistive technology, vehicle access modifications and some home access modifications for children under age 21.

The purpose of the KAT Program is to provide help when no other funding source is available, or when other funding sources are not adequate to cover the costs of the needed assistive technology or access modifications. Applications for children in families of lower income receive priority.

To get an application form or to ask questions about the KAT program, contact Marty Exline at Missouri Assistive Technology via e-mail at [mexline@swbell.net](mailto:mexline@swbell.net) or call (800) 647-8557.

Keep on top of things going on with Family Partnership as well as upcoming meetings, events and details of each.

Due to the recent earthquake activity in Missouri, I have received requests for information again on emergency preparedness. The following website is where you can go to get the information, or simply call the Department of Health and Senior Services and ask for the information or contact your family partner.
