

NEW! There are four new e-Learning training modules for WIC retail vendors available on the WIC Vendor Training website to assist in training store personnel. The modules are: **What is WIC?, WIC Check Transactions, WIC Approved Foods-Part 1** and **WIC Approved Foods-Part 2**. Additional training modules are being developed for pharmacy staff and cash office staff. The modules are interactive and each module has a quiz at the end of the presentation. The trainee must receive a 75% or higher score on the quiz in order to be able to print a certificate of completion. Information will be sent to all authorized WIC retail vendors about these new training tools that are available on the WIC Vendor website. The WIC Vendor training website is located at: <http://health.mo.gov/living/families/wic/wicvendor/training.php>. If you have any questions, comments or concerns, please contact Bridgett Henderson, WIC Vendor Agreements and Training, by email at Bridgett.Henderson@health.mo.gov or by calling 573/441-6236.
