Rx *Flu Immunization Annually*

Protect Yourself

Health care workers can catch all sorts of illnesses. By getting immunized you can prevent most cases of the flu.

Protect Your Patients

You can spread the flu to the patients you care for even when you are not feeling sick.

Avoid Missing Work

If you get sick you can miss a week of work. Getting immunized will help keep you and those you care for healthy.

Patients and co-workers depend on YOU to get your immunizations.
