

# RELIABLE SOURCES

## YOUR GUIDE TO IMMUNIZATION INFORMATION

### American Academy of Pediatrics (AAP)

[www.aap.org/immunization](http://www.aap.org/immunization)

AAP's childhood immunization website contains information for parents and clinicians.

### Centers for Disease Control and Prevention (CDC)

[www.cdc.gov/vaccines](http://www.cdc.gov/vaccines)

The information on this website ranges from official vaccine recommendations for health care professionals to information for the general public about vaccines.

### CDC-INFO Contact Center

A toll-free number for the general public and health care professionals who have questions about immunization and vaccine-preventable diseases. Call (800) CDC-INFO or (800)232-4636. The center operates 24/7 in English & Spanish. TTY: (888) 232-6348

### Every Child by Two (ECBT)

[www.ecbt.org](http://www.ecbt.org) & [www.vaccinateyourfamily.org](http://www.vaccinateyourfamily.org)  
ECBT has created these two websites. Each contains a broad array of educational materials and information about vaccines, their safety, vaccine research and science, vaccine misperceptions, and many other topics to help clinicians and parents.

### Immunization Action Coalition (IAC)

[www.immunize.org](http://www.immunize.org) & [www.vaccineinformation.org](http://www.vaccineinformation.org)  
IAC is a nonprofit organization that promotes immunization for everyone against vaccine-preventable diseases. These websites offer educational materials, photos, and video clips for parents, health care professionals, the media and the general public.

### Vaccine Education Center at Children's Hospital of Philadelphia (CHOP)

[www.chop.edu/centers-programs/vaccine-education-center](http://www.chop.edu/centers-programs/vaccine-education-center)

This center provides complete, up-to-date and reliable information about vaccines to parents and healthcare professionals. The center seeks to dispel some of the common misconceptions and misinformation surrounding vaccines. They are a member of the World Health Organization's (WHO) Vaccine Safety Net.

### Parents of Kids with Infectious Diseases (PKIDS)

[www.PKIDS.org](http://www.PKIDS.org)

This pediatric organization works with many national groups to encourage global childhood immunizations, research to find cures for hepatitis B and C and HIV, and elimination of fear of those living with these diseases through education.

### U.S. Dept. of Health and Human Services (HHS)

[www.vaccines.gov](http://www.vaccines.gov)

This federal gateway provides information on vaccines and immunizations for infants, children, teenagers, adults and seniors.

Helping families keep children safe.
