

Classes and Homework

The PDI dietetic internship will provide at least 200 hours of classroom/didactic instruction. Included as part of classroom/didactic instruction are PDI orientation, rotation-specific orientation, in-class presentations/instruction, on-line courses, nutrition modules, journal articles, reading assignments, internship resource links and RD practice exams, etc.

Interns will evaluate didactic sessions using the provided evaluation form (included in this section). Class handouts can be added to individual intern manuals.

A list of all homework assignments including due dates will be provided at the beginning of the internship. See copy in this section. A grade of 75-80% is considered as passing for a homework assignment unless stated otherwise.

Required project information is included in this section. A list of all projects including, but not limited to, the following are expected work from interns:

- Follow a bill
- Empathy project
- Journaling
- MoAND
- MO WIC Conference
- Public health nutrition research seminar
