

**Program for Dietetic Interns (PDI) Evaluation Rubric for Written Learning Activities
2014-2015**

Intern: _____ Learning Activity: _____ Evaluator: _____ Date: _____

Use the scale below to evaluate the intern. Check the appropriate response in each of the following categories.

- 4 (Very Good) = Consistently does well; often exceeds expectations; work is of high quality, shows complete understanding and is error free
 3 (Good) = Satisfactory; overall acceptable performance; makes relatively few mistakes
 2 (Fair) = Performance adequate some of the time; somewhat inconsistent; improvement desired to reach expected performance
 1 (Poor) = Occasionally unacceptable; much improvement needed to meet minimum standards
 NA = No rating possible; inadequate opportunity to observe, not able to judge, not applicable

Category	4	3	2	1	NA	Comment
Content: Information was accurate, relevant, organized; logical sequence; calculations accurate.						
Subject Knowledge: Thorough knowledge of main topic, subject, issue is evident; all information clearly presented.						
Organization: Information clearly relates to the main subject. It includes several supporting details, references and/or examples.						
Paragraph Construction: All paragraphs include introductory sentence, explanations/references or details and concluding sentence.						
Recommendation, Conclusion. Finding, Result or Idea: Recommendation, result, idea, finding and/or conclusion is realistic, meets objectives or standards, is well planned and each part is fully developed.						
Language and Readability: Written at level appropriate to audience and/or subject; jargon is avoided; unnecessary words are eliminated. Engages reader and keeps interest.						
Reference and/or Internet Use: Successfully uses suggested references/internet links to find information and navigates within and among references easily without assistance. References documented using standard style.						
Mechanics: No grammatical, spelling or punctuation errors.						
Sources: All sources (information and graphics) are accurately documented.						
Total Score:						Grade:

Grading: Assign numeric score for each category and then total all categories. Divide total score by 36 to get percentage score (grade). Intern must achieve an overall grade of 75% to be considered successful. Written comments are required for ratings of 2 or lower and desired for ratings of 3.
