AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number EH19-1902, entitled A Comprehensive Public Health Approach to Asthma Control Through Evidence-Based Interventions, and application dated April 13, 2023, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of \$625,000 is approved for the Year 5 budget period, which is September 1, 2023 through August 31, 2024. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

- Supporting recipients to implement cooperative agreement requirements and advance program activities to meet outcomes.
- Providing technical assistance to revise annual work plans and budgets.
- Providing expertise and resources related to scientific subject matter and health care systems.
- Providing consultation and guidance on enhancing and expanding existing asthma surveillance activities, including the analysis and interpretation of data sets.
- Providing advice on the development, publication, and dissemination of surveillance reports, fact sheets, or other data products.
- Collaborating with recipients to develop and implement strategic and individual evaluation plans and use evaluation findings.
- Providing technical assistance to operationalize and report performance measures.
- Analyzing recipient performance measurement data and evaluation findings to provide suggestions for program improvement.
- Engaging recipients in cross-state evaluations of program activities and outcomes. Establishing and facilitating learning opportunities to increase information sharing among recipients.
- Providing professional development and training opportunities, either in person or through virtual web-based training formats for the purpose of sharing best practices and

- the latest science on asthma.
- Convening in-person meetings that provide recipients with opportunities to exchange resources, share lessons learned and address common issues.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 “Remarks” of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient’s authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

FUNDING RESTRICTIONS AND LIMITATIONS

Indirect Costs:

Indirect costs are approved based on the negotiated indirect cost rate agreement dated March 6, 2022, which calculates indirect costs as follows, a Provisional is approved at a rate of 18.10% of the base, which includes Direct salaries and wages including all fringe benefits. The effective dates of this indirect cost rate are from July 1, 2023, until June 30, 2025.

REPORTING REQUIREMENTS

Performance Progress and Monitoring: Performance information collection initiated under this grant/cooperative agreement has been approved by the Office of Management and Budget under **OMB Number 0920-1132, “Performance Progress and Monitoring Report”** **Expiration Date 10/31/2022.** The components of the PPMR are available for download at: <https://www.cdc.gov/grants/already-have-grant/Reporting.html> .

Required Disclosures for Federal Awardee Performance and Integrity Information System (FAPIIS): Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the CDC, with a copy to the HHS Office of Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Subrecipients must disclose, in a timely manner in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award.
