Reminders

All care plan changes should be handled by the Provider Reassessors during the assessment process. Please **do not** refer these requests to the PCCP Team via the online request.

Please remember to send emails to  QIQA@health.mo.gov and ProviderReassessmentReview@health.mo.gov to ensure your questions are answered timely.

- Jamie Cockrum-Soles will be unavailable the last two weeks of May.

Spring is in the air!

We know many of you will begin taking much needed vacations. If you are going to be out for an extended amount of time, please notify the PRR team via email.

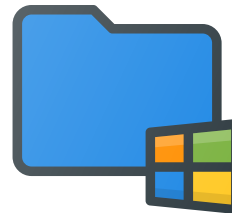

This notification will allow the review specialist to determine if extra time is needed for Provider reassessors to respond to PRR clarification questions.

Updates

Per the email that went out on 4/22/2024, the PCQs have been updated:

- Assessment/Reassessment question 43 language was updated.
- SFCW section added.

If you are not seeing these updates, please press F5 on your keyboard to refresh your web browser.

The new HCBS Case Management System is coming along nicely.

We are currently working on system details pertaining to PRR and Provider Reassessor functionality. If you have any thoughts or suggestions on what you would like the new system to do, or how it should look, please let us know by emailing the Quality box.
