

**Title 19—DEPARTMENT OF HEALTH AND SENIOR SERVICES**  
**Division 100—Division of Cannabis Regulation**  
**Chapter 1—Marijuana**

**EMERGENCY RULE**

**19 CSR 100-1.120 Packaging, Labeling, and Product Design**

*PURPOSE: This rule defines terms used in Chapter 1.*

*EMERGENCY STATEMENT: This emergency rule informs citizens of the packaging rules pertaining to the regulation of marijuana for adult and medical use. This emergency rule is necessary to protect a compelling governmental interest since Amendment 3 to the Missouri Constitution made significant changes to the regulation of marijuana, and new rules will be needed to effectuate those changes. Specifically, existing rules only covered the packaging of medical products, and the new law permits both medical and adult use marijuana products. As a result, the Department of Health and Senior Services finds a compelling governmental interest, which requires emergency action. A proposed rule, which covers the same subject matter, is published in this issue of the Missouri Register. The scope of this emergency rule is limited to the circumstances creating the emergency and complies with the protections extended in the Missouri and United States Constitutions. The Department of Health and Senior Services believes this emergency rule is fair to all interested persons and parties under the circumstances. If an emergency is not enacted, there would be no rules explaining how marijuana products for adult-use are to be packaged. This emergency rule was filed January 20, 2023, becomes effective February 3, 2023, and expires August 1, 2023.*
