Thirty-five (35) private hospitals/STEMI centers reviewed during a three (3) year designation period X \$250.00 = \$8,750 for private hospitals/STEMI centers reviewed during a three (3) year period.

**IV. ASSUMPTIONS**

There are currently forty-five (45) Level I-IV STEMI centers designated with the department. Thirty-five (35) of the STEMI centers are private hospitals/STEMI centers which will be reviewed during a three (3) year designation period.

All hospitals have internet capability, programs for the use of virtual meetings and the use of a secure means to send documents which contain information subject to the Health Insurance Portability and Accountability Act of 1996 (HIPAA). The department estimates that costs associated with the additional virtual survey requirements in 19 CSR 30-40.750 will cost hospitals/STEMI centers approximately \$250 based on the use of the computer programs to send this information and to utilize for virtual meetings and during the review (including the live tour).
