(573) 751-6095

Providing information to Local Public Health Agencies (LPHAs) in a timely and efficient manner is paramount to BEHS. From recalls to training opportunities to emergency response information, it is crucial that LPHAs have access to essential information. BEHS is transitioning to a new information delivery platform called GovDelivery. GovDelivery is currently being used in other programs across DHSS with great success. It allows for timely dissemination of information in a neat and organized fashion. As an added benefit, it also eliminates the ability to “Reply All.”

Emails for GovDelivery will be coming from [MissouriDHSS@public.govdelivery.com](mailto:MissouriDHSS@public.govdelivery.com) and will have a similar layout with additional information to the example below. In addition, BEHS will send out a test email using GovDelivery at the beginning of each month. This test email will ensure that you are receiving GovDelivery emails and can quickly address if there is an issue

### **PROMOTING HEALTH AND SAFETY**

The Missouri Department of Health and Senior Services' vision is optimal health and safety for all Missourians, in all communities, for life.

with receiving said emails. To add or remove individuals, please email [RetailFood@health.mo.gov](mailto:RetailFood@health.mo.gov). An individual will be added to GovDelivery when receiving an EPHS number.

BEHS will begin rollout of this new platform beginning March 3, 2025.
