Diamond Shroomz-brand product illness investigation continues to affect individuals across the nation. According to the FDA's most recent update dated July 30, 2024, there are 78 total illnesses in 28 states, 40 hospitalizations and 2 potential deaths (under investigation). Also included in this update, FDA published a list of store names and locations known to sell Diamond Shroomz-brand products after FDA received numerous reports of retailers continuing to sell the recalled products. Recalled products were available online and at a variety of retail locations nationwide, including, but not limited to, smoke/vape shops. There may be additional retailers not included on this list that are continuing to sell the recalled product. This list will be updated as additional stores are identified. All Diamond Shroomz-brand products have been recalled and should not be sold.

PROMOTING HEALTH AND SAFETY

The Missouri Department of Health and Senior Services' vision is optimal health and safety for all Missourians, in all communities, for life.

This Informational Release is for your awareness. At this time, LPHAs are not requested to conduct additional follow-up at these stores. If LPHAs are to come across the recalled product at various locations, they are to attempt to get voluntary pull and dispose of the recalled product from shelves, document accordingly and notify your BEHS District Supervisor. If the establishment will not voluntarily pull the product, LPHAs are to embargo the recalled product, document accordingly and notify your BEHS District Supervisor as soon as possible. All documentation must be submitted to the Retail Food Program. If you have any questions or concerns, please contact your BEHS District Supervisor or the Retail Food Program at RetailFood@health.mo.gov.
