

St. Francois County Opioid Overdose and Bloodborne Infection Resources

Several sources of information were not utilized in the *Missouri Opioid Overdose and Bloodborne Infection Vulnerability Assessments - 2020*. This was primarily due to lack of information available for every county or difficulty incorporating the information into the methodology. However, this information could still be of value for identifying the resources available and challenges the community faces, as well as determining what next steps should be taken.

St. Francois County			
Providers Licensed to Administer Buprenorphine (2020)¹	15	High Intensity Drug Trafficking Area (HIDTA)²	No

NOTES:

- The *Missouri Opioid Overdose and Bloodborne Infection Vulnerability Assessments – 2020* report is available at <http://www.health.mo.gov/data/opioids/assessments.php>.
- The information and resources included were obtained from the noted sources on the dates listed. Updates of the data sources following the access dates listed are not reflected. The Missouri Department of Health and Senior Services does not maintain some of the resources listed in this fact sheet and is not responsible for their content or accuracy.

- Additional resources may be located in nearby counties or border states. Please refer to profiles for neighboring Missouri counties or to the original data sources listed in the References section to determine if other resources are available within the region.
- This list of resources is not intended to be comprehensive. For example, some services such as STD testing may also be offered by specific physicians or organizations. DHSS advises calling ahead to determine if services are still offered and consulting with medical providers regarding the types of services offered. The Centers for Disease Control and Prevention offers a searchable directory of HIV, STD, and Hepatitis testing providers at <https://gettested.cdc.gov/>.
