Sorry, I thought this left my inbox sooner.

Here are answers to your questions:

- Provide a service area for the staff analysis.
 - For simplicity, let's call it for this project the Missouri counties of:
 - St Louis City
 - St Louis Co
 - St Charles Co
 - Jefferson Co
 - Franklin
 - Crawford
 - Warren
- What is the name of the existing unit?
 - It, too, is a Stereotaxis guidance unit with a Siemens Alura C-arm....the new all comes from Stereotaxis.
- Provide a more specific timeline.
 - Finalize order upon CON approval
 - Start prep and configure room in the fall of 2024
 - Finish room preparations by spring of 2025
 - Testing and calibration in the spring of 2025
 - First patient late spring of 2025
- Will the existing unit be decommissioned or traded in?
 - Decommissioned...not even sure if its parts have use
- The Stereotaxis quote is dated 11/4/2021. Provide a new quote.
 - BJC HealthCare uses a two-year capital budgeting process that asks for vendors' best pricing in a competitive winner-take-all scenario. The vendor will honor the quote provided.
