Mackinzey,

Here are answers to your questions:

- The Siemens quote is dated 4/4/24. Provide a new quote.
 - BJC uses a two-year capital budgeting cycle and gets commitments from vendors early in that process. The vendor will honor that bid quote.
- I am unable to verify the cost on the proposed project budget form. Please advise.
 - The difference is an expense for shielding. Attached please find a verification of the cost: \$150,000.

Greg,

After review of application #6160 HS, some additional information is needed.

- The Siemens quote is dated 4/4/24. Provide a new quote.
- I am unable to verify the cost on the proposed project budget form. Please advise.

This information is needed by Monday, November 18th, 2024.

Greg,

Based on BJC's experience with fluoroscopy equipment and hybrid operating rooms, we estimate the cost to shield the Missouri Baptist Medical Center's proposed hybrid operating room to be \$150,000.
