**Incorporation:** In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CDC-RFA-DP-24-0053, entitled Enhancing Reviews and Surveillance to Eliminate Maternal Mortality, and application dated May 23, 2024, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NOA).

**Total Approved Funding is included in Summary Federal Award Financial Information on page 1 of the NOA.** All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

**Financial Assistance Mechanism:** Cooperative Agreement

**Summary Statement:** Within 5 days of this Notice of Award's (NOA) issue date, the Summary Statement will be accessible to the recipient in GrantSolutions Grant Notes. Contact the assigned Program Officer indicated in the NOA with any questions regarding this document or any follow up requirements and timelines set forth therein.

**Substantial Involvement by CDC:** This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities as detailed in the NOFO and included below.

Technical assistance to recipients will be provided in the form of training and presentations, which may occur during site visits or via collaborative learning events, as well as through access to expertise retained by the CDC to support the overall Enhancing Reviews and Surveillance to Eliminate Maternal Mortality initiative. Training or presentation topics may include focused support on:

- Identification of pregnancy-associated deaths;
- Implementation of and data entry into MMRIA;
- Comprehensive, efficient, and effective abstraction of deaths;
- Operationalization of key informant interview approaches within MMRC programs;
- Data quality improvement;
- Analysis of MMRC data, including analyzing MMRIA data to identify opportunities for prevention;
- Committee meeting facilitation and collaborative decision-making;
- Multidisciplinary engagement (i.e., clinical and non-clinical committee membership);

- Community membership and engagement in MMRC processes;
- Effective data use and dissemination, including data dissemination to communities; and
- Program evaluation and performance measurement.

Technical assistance may also be provided in the form of information sharing between MMRCs. Information sharing may occur through:

- MMRC-developed products disseminated by CDC and partner organizations;
- CDC communication to all recipients that will include information about conferences, current literature, and other relevant resources and events;
- CDC-hosted learning events to assist MMRCs with problem-solving areas of concern that arise during performance of program activities; and
- Networking and information sharing during regular CDC-hosted collaborative learning events.

**Administrative Note:** By October 30, 2024, the recipient must provide the name(s), position(s), and the hiring status of the following vacant positions as a GrantSolutions grant note:

If not hired within the current budget period, these funds should be redirected towards other activities within the scope of the program

**Expanded Authority:** The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of carried over unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.
