Note: Refer to the Payment Information section for Payment Management System (PMS)

subaccount information.

Approved Component/Project Funding: The NOFO provides for the funding of multiple components under this award. For this NOA, the approved funding level for each component is shown below:

Tier 1	\$ 1,339,555

Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the “CARES Act”) (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); the Consolidated Appropriations Act and the Coronavirus Response and Relief Supplement Appropriations Act, 2021 (P.L. 116-260) and/or the American Rescue Plan of 2021 [P.L. 117-2] agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual’s home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.

This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition, recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

Recipients are to review the **Payment Management System (PMS) Subaccount** section in this document to determine the appropriate subaccount document number for the referenced Component. Program specific authorizing legislation, budgetary appropriations, or similar authority may require the creation of more than one subaccount document number per award.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

Project officers and subject matter experts will work with other CDC subject matter experts who may serve as technical monitors for specific activities, segments or aspects of a specific PHE. Project Officers will review or coordinate the review of applications to ensure activities are in scope and do not duplicate those funded by other CDC cooperative agreements. To assist recipients in achieving the purpose of this award, CDC will conduct the following activities.

- Provide ongoing guidance, programmatic support, training, and technical assistance as related to activities outlined in this NOFO. Technical assistance resources include crisis work plan and spend plan templates as needed.
- Facilitate communication among recipients to advance the sharing of expertise on response activities.
- Coordinate planning and implementation activities with federal partners including the Office of the Assistant Secretary for Preparedness and Response Department of Homeland Security, and others based on the specific PHE.

Budget Revision Requirement: By March 17, 2025 the recipient must submit a revised budget with a narrative justification. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the CDC Staff Contacts section of this notice before the due date.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Pre-award costs up to (and including) 90 days before the beginning date of the initial budget period of a new or competing continuation award.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.
