1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number EH-24-0016, entitled “Advancing Health Equity in Asthma Control through EXHALE Strategies, and application dated April 17, 2024, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NOA).

Total Approved Funding is included in Summary Federal Award Financial Information on page 1 of the NOA. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Summary Statement/Technical Review: Within 5 days of this Notice of Award’s (NOA) issue date, the Summary Statement/Technical Review will be accessible to the recipient in GrantSolutions Grant Notes. Contact the assigned Program Officer indicated in the NOA with any questions regarding this document or any follow up requirements and timelines set forth therein.

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities as detailed in the NOFO and included below.

The CDC program will work in partnership with recipients to ensure the success of the cooperative agreement by:

- Supporting recipients to implement cooperative agreement requirements and advance program activities to meet outcomes.
- Providing technical assistance to revise annual work plans and budgets.
- Providing expertise and resources related to scientific subject matter and health care systems.
- Providing consultation and guidance on enhancing and expanding existing asthma surveillance activities, including the analysis and interpretation of data sets.
- Providing advice on the development, publication, and dissemination of surveillance reports, fact sheets, or other data products.
- Encouraging CDC project officers and technical advisors working on this cooperative agreement to:

- Engage early with the recipients' technical advisors on journal manuscripts and MMWR to determine the appropriate clearance process.
- Get required CDC/NCEH clearance when CDC/NCEH staff are listed as coauthors or coinvestigators, or when CDC/NCEH is perceived as endorsing the product, such as with inclusion of CDC/NCEH's branding or logo.
- Consult early with the CDC project officer and recipient for non-CDC/NCEH authored products with no perceived endorsement. These products will be reviewed and considered on a case-by-case basis.
- Provide a disclaimer statement to authors for non-CDC/NCEH authored products determined not to have perceived CDC/NCEH endorsement (for example, no inclusion of CDC/NCEH branding or logo).
- Collaborating with recipients to develop and implement strategic and individual evaluation plans and use evaluation findings.
- Providing technical assistance to operationalize and report performance measures.
- Analyzing recipient performance measurement data and evaluation findings to provide suggestions for program improvement.
- Engaging recipients in cross-state evaluations of program activities and outcomes.
- Establishing and facilitating learning opportunities to increase information sharing among recipients.
- Providing professional development and training opportunities, either in person or through virtual web-based training formats for the purpose of sharing best practices and the latest science on asthma.
- Convening meetings that provide recipients with opportunities to exchange resources, share lessons learned and address common issues.
- Participating in meetings, committees, conference calls, and working groups relevant to achieving the goals of the NOFO.
- Coordinating with other agencies and national organizations working to reduce the burden of asthma encouraging collaboration between public health and health care entities.
- Disseminating lessons learned by recipients to build a stronger practice base for asthma-specific policies and strategies.

Budget Revision Requirement: By October 1, 2024 the recipient must submit a revised budget with a narrative justification. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the CDC Staff Contacts section of this notice before the due date.

Contractual: Please include all required elements as noted in the Budget Preparation Guidelines. Please also revise the period on the proposed contractors to be in harmony with the actual project period of this award.

Missing Contractual/Consultant Elements – The contract(s)/consultant(s) listed below are approved and the recipient may begin the contracts when the (a) Name of Contractor, (b) Method of Accountability and (c) a corrected period of performance, are provided via GrantSolutions as an Grant Note.

Contractor 1 – Open Health

Contractor 2 – University of Missouri – Columbia

Contractor 3 – To Be Bid

Contractor 4 – Simply Strategy

Contractor 5 – Southeast Missouri State University
Contractor 6 – “Contracts with School Districts”
Consultant 1 – Deb Cook

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of carried over unobligated funds in Section 12 “Remarks” of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient’s authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

FUNDING RESTRICTIONS AND LIMITATIONS

Notice of Funding Opportunity (NOFO) Restrictions:

You may not use funds for:

- Research. Public health surveillance and program evaluation activities for the purpose of monitoring program performance are not considered research. However, identifiable information collected must be kept confidential.
- Clinical care except as allowed by law.
