## Admin for Strategic Preparedness and Response

### Notice of Award

Award# 6 U3REP240761-01-02

FAIN# U3REP240761

Federal Award Date: 02/14/2025

#### Recipient Information

##### 1. Recipient Name

MISSOURI DEPARTMENT OF HEALTH &  
SENIOR SERVICES  
920 Wildwood Dr  
-DUP  
Jefferson City, MO 65109-5796  
[NO DATA]

##### 2. Congressional District of Recipient

03

##### 3. Payment System Identifier (ID)

[REDACTED]

##### 4. Employer Identification Number (EIN)

[REDACTED]

##### 5. Data Universal Numbering System (DUNS)

878092600

##### 6. Recipient's Unique Entity Identifier (UEI)

UETLXV8NG8F4

##### 7. Project Director or Principal Investigator

Molly Hayes  
Healthcare Systems Preparedness Program Planner  
molly.hayes@health.mo.gov  
573-526-9765

##### 8. Authorized Official

Mrs. Marcia Mahaney  
Director, Division of Administration  
Grants@health.mo.gov  
5737516014

#### Federal Agency Information

ASPR Acquisition Management Contracts and Grants

##### 9. Awarding Agency Contact Information

Ms. Stacy L Dawkins  
Senior Grants Management Specialist  
stacy.dawkins@hhs.gov  
2027308682

##### 10. Program Official Contact Information

Ms. Angela Krutsinger  
Region VII - Field Project Officer  
Assistant Secretary Preparedness and Response  
angela.krutsinger@hhs.gov  
816-426-3290

#### Federal Award Information

##### 11. Award Number

6 U3REP240761-01-02

##### 12. Unique Federal Award Identification Number (FAIN)

U3REP240761

##### 13. Statutory Authority

42 USC 247d-3b, 42 USC 243

##### 14. Federal Award Project Title

Missouri Hospital Preparedness Program Cooperative Agreement

##### 15. Assistance Listing Number

93.889

##### 16. Assistance Listing Program Title

National Bioterrorism Hospital Preparedness Program

##### 17. Award Action Type

NGA Revision

##### 18. Is the Award R&D?

No

#### Summary Federal Award Financial Information

##### 19. Budget Period Start Date 07/01/2024 - End Date 06/30/2025

##### 20. Total Amount of Federal Funds Obligated by this Action \$0.00

20a. Direct Cost Amount \$0.00

20b. Indirect Cost Amount \$0.00

##### 21. Authorized Carryover \$0.00

##### 22. Offset \$0.00

##### 23. Total Amount of Federal Funds Obligated this budget period \$5,193,836.00

##### 24. Total Approved Cost Sharing or Matching, where applicable \$372,529.00

##### 25. Total Federal and Non-Federal Approved this Budget Period \$5,566,365.00

##### 26. Period of Performance Start Date 07/01/2024 - End Date 06/30/2029

##### 27. Total Amount of the Federal Award including Approved Cost Sharing or Matching this Period of Performance \$5,566,365.00

##### 28. Authorized Treatment of Program Income

ADDITIONAL COSTS

##### 29. Grants Management Officer - Signature

Virginia Simmons  
Chief Grants Management Officer

#### 30. Remarks

This award has been amended to update terms and conditions. Terms and conditions remain the same.

### 35. Terms And Conditions

#### Terms and Conditions

##### 1. Administration for Strategic Preparedness and Response (ASPR) Fiscal Year (FY) 2024 Hospital Preparedness Program (HPP) Administrative Supplement for H5N1 Avian Flu Additional Funds

The U.S. Department of Health and Human Services provided additional funds to ASPR to support the preparedness and response needs of the health delivery system for emerging special pathogen threats, such as avian influenza or bird flu. As part of this additional funding, \$90,300,000 will be used for existing and new activities to increase the capability of HPP recipients and health care coalitions (HCCs) to bolster preparedness and response activities for emerging threats, including avian influenza.

Please note, every jurisdiction is different and must tailor their activities to meet the needs of their communities and achieve the outcomes. While there may be differences between and among jurisdictions, all may be called upon during large scale emergencies to contribute to a shared responsibility of national preparedness and response. HPP recipients and their HCC(s) must work together to identify and meet community needs, foster connections among members, and strengthen the health care delivery system's capability and capacity to continue to provide care during a disaster or emergency, improve patient outcomes, save lives, and protect the health care workforce. This includes strengthening the health care delivery system's ability to prepare for and respond to all-hazards and emerging threats, including avian influenza.

**Please provide a work plan, detailed budget, and budget narrative/justification within 60 days of the award to address the following activities:**

- **Establish Governance:** Recipients will work with their HCC(s) to review and, as needed, update governance documents for their coalitions to bolster readiness for emerging threats, such as avian influenza. This may include updating governance documents to describe: any new management or administration updates; coordination with Regional Emerging Special Pathogen Treatment Centers (RESPTCs) or other components of the National Special Pathogen System (NSPS); policies and procedures for response operations; and other updates as needed.
- **Assess Readiness:** Recipients will work with their HCC(s) to review and, as needed, update assessments for their coalitions to identify threats, risks, hazards, vulnerabilities, and needs, including considering the specific needs and risks of communities with higher risk for an avian influenza outbreak (e.g., rural areas, areas in close proximity to agriculture). These updates may include identifying potential supply chain needs and vulnerabilities (e.g., personal protective equipment) or workforce shortfalls as a result of emerging threats, such as avian influenza.
- **Plan and Implement:** As appropriate, recipients will work with their HCC(s) to update plans to address preparedness, response, and recovery for emerging threats such as avian influenza. This may include updating information-sharing plans, resource management plans (e.g., supplemental staffing and personal protective equipment [PPE] stockpile activation and deployment), patient movement plans (e.g., coordination with RESPTCs), and training and exercise plans (e.g., using training resources developed by the National Emerging Special Pathogens Training and Education Center [NETEC] or RESPTCs) to support readiness for emerging threats. Recipients and HCCs will coordinate with RESPTC(s) in their region to update the Special Pathogen Annex to their medical surge plan, incorporating considerations for avian influenza.
  - **Please note:** Patient movement planning includes coordination with emergency medical services (EMS). The term EMS will encompass pre-hospital care including ambulance services, paramedic services, and 911 dispatch, as well as specialty transport, including pediatric transport, air transport, and critical care transport. Recipients and their HCC(s) must

work with HCC members and additional health care readiness partners (e.g., Biosafety Transport Consortium, other partners that support EMS readiness) to review and update plans as needed, particularly to incorporate considerations for avian influenza.

- **Exercise and Improve:** As appropriate, recipients will work with their HCC(s) to conduct exercises related to medical surge, patient movement, and additional jurisdictional priorities or areas of improvement. As appropriate, this should include a health care preparedness exercise that specifically addresses the needs of communities most impacted by the avian influenza outbreak (e.g., rural communities, communities in close proximity to agriculture).
