1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CDC-RFA-EH22-2202, entitled Modernizing Environmental Public Health Tracking to Advance Environmental Health Surveillance, and application dated March 26, 2024, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NOA).

Total Approved Funding is included in Summary Federal Award Financial Information on page 1 of the NOA. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Summary Statement/Technical Review: Within 5 days of this Notice of Award's (NOA) issue date, the Summary Statement/Technical Review will be accessible to the recipient in GrantSolutions Grant Notes. Contact the assigned Program Officer indicated in the NOA with any questions regarding this document or any follow up requirements and timelines set forth therein.

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities as detailed in the NOFO and included below.

- Maintain and revise the National Tracking Network Architecture as Tracking/Public Health Information Network (PHIN) standards evolve to meet the recipient's needs.
- Manage and maintain the National Tracking Network based on specifications in the Technical Network Implementation Plan (TNIP) <https://www.cdc.gov/nceh/tracking/network.htm> with input from recipients and other Tracking partners.
- Maintain the CDC gateway of the National Tracking Network.
- Maintain and revise Tracking standards for the portal and NCDMs.
- Review public health actions and maintain a repository of approved public health actions.
- Facilitate collaborative opportunities with other CDC funded NOFO recipients and

partners:

- CDC's National Center of Environmental Health's Office of the Director, as needed, to maintain and facilitate the creation of any emerging Tracking-related technical and data standards.
- CDC's Office of Public Health Scientific Services (OPHSS), as needed, to maintain and facilitate the creation of any new Tracking-related technical and data standards.
- CDC's Center for Preparedness and Response (CPR), as needed, to maintain and facilitate the creation of any emerging Tracking-related technical and data standards.
- Federal data partners such as the U.S. Environmental Protection Agency (EPA), the U.S. Geological Survey (USGS), National Aeronautics and Space Administration (NASA), and National Oceanic and Atmospheric Administration (NOAA) to further the use of environmental data, fill data gaps, and develop methods and tools for use in Tracking.
- Recipients on projects to (a) improve the quality of data provided to CDC for the National Tracking Network Portals, and (b) explore methods and best practices for linking and analyzing health and environmental data.
- National data stewards and other professional organizations to facilitate data and information sharing and improvements in data quality that will support the recipients' Tracking activities.
- Tribal organizations to develop environmental health capacity and assess tribal environmental health priorities within recipient jurisdictions.
- Coordinate:
 - Technical assistance to recipients in design and implementation of program activities, including analysis and presentation of data; and facilitation of regional trainings.
 - Recipient data submissions and develop/maintain tools to assist recipients during the data submission process. ○ With EPA and OPHSS to ensure interoperability between CDC's PHIN and EPA's National Environmental Information Exchange Network.
 - Identification, development, and/or maintenance of appropriate methods and tools for use in the National Tracking Network and facilitate license agreements, where appropriate, to provide broad access among Tracking partners to these tools.
 - Activities at the national level among Centers, Institutes and Offices at CDC and the Agency for Toxic Substances and Disease Registry as well as other federal partners, national data organizations, and national partners.
- Facilitate the development of Tracking-specific communication and outreach strategy guidelines with input from recipients and other Tracking partners, and the criteria to evaluate the effectiveness of the activities in the guidelines.
- Provide specific NCDMs from federal partners for use on state and local network portals as appropriate and in compliance with CDC data sharing agreements.
- Facilitate:
 - A monthly forum for principal investigators via teleconference to promote the discussion of key Tracking issues and exchange of ideas.
 - A National Tracking Program meeting approximately once every other year, and up to two annual recipient meetings.
- Implement and participate in projects and workgroups as needed to address specific program issues. Work with recipients on workgroups as needed to solicit input from

state/local partners, academic partners, and other stakeholders on issues relevant to the implementation of the state and national Tracking networks.

- Conduct program evaluation activities including but not limited to annual or semi-annual portal evaluations for all recipients. Program evaluation activities will also include: 1) comprehensive program assessment of overall progress made toward network development at the state and national levels; 2) training activities; 3) data utilization; 4) partnership, outreach, and communication activities.
- Securely maintain, manage, and disseminate data provided by recipients and other partners as described in the Tracking Programs Data Re-Release Plan

<https://www.cdc.gov/nceh/tracking/pdfs/tracking-re-release-plan-v3.0.pdf>

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of carried over unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.
