AWARD ATTACHMENTS

Missouri Dept. of Health and Senior Services/DSS&R

1. TERMS AND CONDITIONS
2. TECHNICAL REVIEW
Incorporation: The Centers for Disease Control and Prevention (CDC) hereby incorporates Funding Opportunity Announcement number CE14-1401, entitled Rape Prevention and Education Program (RPE), and application dated October 21, 2016, as may be amended, which are hereby made a part of this Non-Research award hereinafter referred to as the Notice of Award (NoA). Additionally, this Notice of Award acknowledges your request to change the Principal Investigator from Mr. VanDyne to Ms. Kliethermes. Based upon a review of the documentation submitted, we believe that he will prove to be a valuable asset in the new position.

The Department of Health and Human Services (HHS) grant recipients must comply with all terms and conditions outlined in their NoA, including grants policy terms and conditions contained in applicable HHS Grants Policy Statements, and requirements imposed by program statutes and regulations and HHS grant administration regulations, as applicable; as well as any requirements or limitations in any applicable appropriations acts. The term grant is used throughout this notice and includes cooperative agreements.

Note: In the event that any requirement in this Notice of Award, the Funding Opportunity Announcement, the HHS GPS, 45 CFR Part 75, or applicable statutes/appropriations acts conflict, then statutes and regulations take precedence.

Approved Funding: Funding in the amount of $612,658 is approved for the Year 04 budget period, which is February 1, 2017 through January 31, 2018. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

Note: Refer to the Payment Information section for draw down and Payment Management System (PMS) subaccount information.

Award Funding: Not funded by the Prevention and Public Health Fund

Technical Review Statement Response Requirement: The review comments on the strengths and weaknesses of the proposal are provided as part of this award. A response to the weaknesses in these statements is not required.

Budget Revision Requirement: By March 1, 2017 the grantee is required to respond to the following: under the “Contractual” cost category funds are requested in the amount of $77,500 for a contract identified as “To Be Determined”. The recipient is required to notify CDC upon the selection of the contract and provide an itemized budget in support of the contract. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the Staff Contacts section of this notice before the due date.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO
FUNDING RESTRICTIONS AND LIMITATIONS

Programmatic Restriction(s): Applicants must adhere to Congressional legislation (Section 393B of the Public Health Service Act [42 U.S.C. 280b-1c]). The legislation stipulates the following: Applicants may not use more than five percent of the amount received for each fiscal year for administrative expenses. This five percent limitation is in lieu of, and replaces, the indirect cost rate. An applicant may not use more than two percent of the amount received for each fiscal year for surveillance studies or prevalence studies.

Administrative Costs: In accordance with Congressional legislation, Section 393B of the Public Health Service Act [42 U.S.C. 280b-1c], in lieu of indirect costs, the recipient may not use more than five percent of the amount received for each fiscal year for administrative costs.

Recipients are responsible for managing the day-to-day operations of grant and of subgrants supported activities. Recipient must advise sub recipients of all flow down requirements imposed on them and monitor subgrant supported activities as necessary to assure compliance with applicable Federal laws, regulations, and the provisions to ensure performance goals are achieved and to avoid unallowable costs. If there are questions concerning this requirement, please be sure to contact the assigned Grants Management Specialist/Officer identified on the Notice of Award.

For Example: Authorized Amount $640,000 *.05 = $32,000 Recipient cannot exceed this amount

Surveillance/Prevalence Costs: Grantees may not use more than two percent of the total RPE award for each budget year for surveillance studies or prevalence studies in accordance with the RPE regulations.

Indirect Costs: Indirect costs are not applicable to this award.

Cost Limitations as Stated in the Consolidated and Further Continuing Appropriations Act, 2015 (Items A through E)

A. Cap on Salaries (Div. G, Title II, Sec. 203): None of the funds appropriated in this title shall be used to pay the salary of an individual, through a grant or other extramural mechanism, at a rate in excess of Executive Level II.

Note: The salary rate limitation does not restrict the salary that an organization may pay an individual working under an HHS contract or order; it merely limits the portion of that salary that may be paid with Federal funds.

B. Gun Control Prohibition (Div. G, Title II, Sec. 217): None of the funds made available in this title may be used, in whole or in part, to advocate or promote gun control.

C. Lobbying Restrictions (Div. G, Title V, Sec. 503):

- 503(a): No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used, other than for normal and recognized executive-legislative relationships, for publicity or propaganda purposes, for the preparation, distribution, or use of any kit, pamphlet, booklet, publication, electronic communication, radio, television, or video presentation designed to support or defeat the enactment of legislation before the Congress or any State or local legislature or legislative body, except in presentation of the Congress or any State or local legislature itself, or designed to support or defeat any proposed or pending regulation, administrative action, or order issued by the executive branch of any State or local government itself.

- 503(b): No part of any appropriation contained in this Act or transferred pursuant to section 4002 of Public Law 111-148 shall be used to pay the salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or Executive order proposed or pending before the Congress or any State government, State legislature or local legislature or legislative body, other than normal and recognized
executive legislative relationships or participation by an agency or officer of a State, local or tribal government in policymaking and administrative processes within the executive branch of that government.

- 503(c): The prohibitions in subsections (a) and (b) shall include any activity to advocate or promote any proposed, pending or future Federal, State or local tax increase, or any proposed, pending, or future requirement or restriction on any legal consumer product, including its sale of marketing, including but not limited to the advocacy or promotion of gun control.

D. Needle Exchange (Div. G, Title V, Sec. 521): Notwithstanding any other provision of this Act, no funds appropriated in this Act shall be used to carry out any program of distributing sterile needles or syringes for the hypodermic injection of any illegal drug.

E. Blocking access to pornography (Div. G, Title V, Sec. 526): (a) None of the funds made available in this Act may be used to maintain or establish a computer network unless such network blocks the viewing, downloading, and exchanging of pornography; (b) Nothing in subsection (a) shall limit the use of funds necessary for any Federal, State, tribal, or local law enforcement agency or any other entity carrying out criminal investigations, prosecution, or adjudication activities.

Rent or Space Costs: Grantees are responsible for ensuring that all costs included in this proposal to establish billing or final indirect cost rates are allowable in accordance with the requirements of the Federal award(s) to which they apply, including 45 CFR Part 75, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards. The grantee also has a responsibility to ensure sub-recipients expend funds in compliance with applicable federal laws and regulations. Furthermore, it is the responsibility of the grantee to ensure rent is a legitimate direct cost line item, which the grantee has supported in current and/or prior projects and these same costs have been treated as indirect costs that have not been claimed as direct costs. If rent is claimed as direct cost, the grantee must provide a narrative justification, which describes their prescribed policy to include the effective date to the assigned Grants Management Specialist (GMS) identified in the CDC Contacts for this award.

 Trafficking In Persons: This award is subject to the requirements of the Trafficking Victims Protection Act of 2000, as amended (22 U.S.C. Part 7104(g)).

Cancel Year: 31 U.S.C. Part 1552(a) Procedure for Appropriation Accounts Available for Definite Periods states the following, On September 30th of the 5th fiscal year after the period of availability for obligation of a fixed appropriation account ends, the account shall be closed and any remaining balances (whether obligated or unobligated) in the account shall be canceled and thereafter shall not be available for obligation or expenditure for any purpose. An example is provided below:

Fiscal Year (FY) 2017 funds will expire September 30, 2017. All FY 2017 funds should be drawn down and reported to Payment Management Services (PMS) prior to September 30, 2022. After this date, corrections or cash requests will not be permitted.

REPORTING REQUIREMENTS

The FFR may be downloaded from the following website below and submitted to the GMS via email. https://www.whitehouse.gov/sites/default/files/omb/grants/approved_forms/SF-425.pdf
The FFR should only include those funds authorized and disbursed during the timeframe covered by the report. The final FFR must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. There must be no discrepancies between the final FFR expenditure data and the Payment Management System's (PMS) cash transaction data. All Federal reporting in PMS is unchanged.

Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, the grantee is required to contact the Grants Officer listed in the contacts section of this notice before the due date.

**Performance Reporting:** The Annual Performance Report is due no later than 120 days prior to the end of the budget period, **October 2, 2017** and serves as the continuing application. This report should include the information specified in the FOA.

**Audit Requirement**

Domestic Organizations (*including US-based organizations implementing projects with foreign components*): An organization that expends $750,000 or more in a fiscal year in Federal awards shall have a single or program-specific audit conducted for that year in accordance with the provisions of 45 CFR Part 75. The audit period is an organization’s fiscal year. The audit must be completed along with a data collection form (SF-SAC), and the reporting package shall be submitted within the earlier of 30 days after receipt of the auditor’s report(s), or nine (9) months after the end of the audit period. The audit report must be sent to:

Federal Audit Clearing House Internet Data Entry System
Electronic Submission: [https://harvester.census.gov/facides/(S(0vkw1zaelyzjibnahocga5i0))/account/login.aspx](https://harvester.census.gov/facides/(S(0vkw1zaelyzjibnahocga5i0))/account/login.aspx)

AND

Office of Grants Services, Financial Assessment and Audit Resolution Unit
Electronic Copy to: [PGO.Audit.Resolution@cdc.gov](mailto:PGO.Audit.Resolution@cdc.gov)

After receipt of the audit report, CDC will resolve findings by issuing Final Determination Letters.

**Audit requirements for Subrecipients to whom 45 CFR 75 Subpart F applies:** The grantee must ensure that the subrecipients receiving CDC funds also meet these requirements. The grantee must also ensure to take appropriate corrective action within six months after receipt of the subrecipient audit report in instances of non-compliance with applicable Federal law and regulations (45 CFR 75 Subpart F and HHS Grants Policy Statement). The grantee may consider whether subrecipient audits necessitate adjustment of the grantee’s own accounting records. If a subrecipient is not required to have a program-specific audit, the grantee is still required to perform adequate monitoring of subrecipient activities. The grantee shall require each subrecipient to permit the independent auditor access to the subrecipient’s records and financial statements. The grantee must include this requirement in all subrecipient contracts.

Note: The standards set forth in 45 CFR Part 75 Subpart F will apply to audits of fiscal years beginning on or after December 26, 2014.

**Federal Funding Accountability and Transparency Act (FFATA):**

In accordance with 2 CFR Chapter 1, Part 170 Reporting Sub-Award And Executive Compensation Information, Prime Awardees awarded a federal grant are required to file a FFATA sub-award report by the end of the month following the month in which the prime awardee awards any sub-grant equal to or greater than $25,000.

Pursuant to 45 CFR Part 75, §75.502, a grant sub-award includes the provision of any commodities (food and non-food) to the sub-recipient where the sub-recipient is required to abide by terms and conditions regarding the use or future administration of those goods. If the sub-awardee merely consumes or utilizes the goods, the commodities are not in and of themselves considered sub-awards.
FFATA: www.fsrs.gov

Reporting of First-Tier Sub-awards
Applicability: Unless you are exempt (gross income from all sources reported in last tax return is under $300,000), you must report each action that obligates $25,000 or more in Federal funds that does not include Recovery funds (as defined in section 1512(a)(2) of the American Recovery and Reinvestment Act of 2009, Pub. L. 111-5) for a sub-award to an entity.

Reporting: Report each obligating action of this award term to www.fsrs.gov. For sub-award information, report no later than the end of the month following the month in which the obligation was made. (For example, if the obligation was made on November 7, 2010, the obligation must be reported by no later than December 31, 2010). You must report the information about each obligating action that the submission instructions posted at www.fsrs.gov specify.

Total Compensation of Recipient Executives: You must report total compensation for each of your five most highly compensated executives for the preceding completed fiscal year, if:

- The total Federal funding authorized to date under this award is $25,000 or more;
- In the preceding fiscal year, you received—
  - 80 percent or more of your annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR Part 170.320 (and sub-awards); and
  - $25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR Part 170.320 (and sub-awards); and
  - The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. Part 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm).

Report executive total compensation as part of your registration profile at http://www.sam.gov. Reports should be made at the end of the month following the month in which this award is made and annually thereafter.

Total Compensation of Sub-recipient Executives: Unless you are exempt (gross income from all sources reported in last tax return is under $300,000), for each first-tier sub-recipient under this award, you must report the names and total compensation of each of the sub-recipient’s five most highly compensated executives for the sub-recipient’s preceding completed fiscal year, if:

- In the sub-recipient’s preceding fiscal year, the sub-recipient received—
  - 80 percent or more of its annual gross revenues from Federal procurement contracts (and subcontracts) and Federal financial assistance subject to the Transparency Act, as defined at 2 CFR Part 170.320 (and sub-awards); and
  - $25,000,000 or more in annual gross revenues from Federal procurement contracts (and subcontracts), and Federal financial assistance subject to the Transparency Act (and sub-awards); and
  - The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. Part 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Security and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm).
You must report sub-recipient executive total compensation to the grantee by the end of the month following the month during which you make the sub-award. For example, if a sub-award is obligated on any date during the month of October of a given year (i.e., between October 1st and 31st), you must report any required compensation information of the sub-recipient by November 30th of that year.

Definitions:

- **Entity** means all of the following, as defined in 2 CFR Part 25 (Appendix A, Paragraph(C)(3)):
  - Governmental organization, which is a State, local government, or Indian tribe;
  - Foreign public entity;
  - Domestic or foreign non-profit organization;
  - Domestic or foreign for-profit organization;
  - Federal agency, but only as a sub-recipient under an award or sub-award to a non-Federal entity.

- **Executive** means officers, managing partners, or any other employees in management positions.

- **Sub-award**: a legal instrument to provide support to an eligible sub-recipient for the performance of any portion of the substantive project or program for which the grantee received this award. The term does not include the grantees procurement of property and services needed to carry out the project or program (for further explanation, see 45 CFR Part 75). A sub-award may be provided through any legal agreement, including an agreement that the grantee or a sub-recipient considers a contract.

- **Sub-recipient** means an entity that receives a sub-award from you (the grantee) under this award; and is accountable to the grantee for the use of the Federal funds provided by the sub-award.

- **Total compensation** means the cash and non-cash dollar value earned by the executive during the grantee’s or sub-recipient’s preceding fiscal year and includes the following (for more information see 17 CFR Part 229.402(c)(2)):
  - Salary and bonus
  - Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.
  - Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.
  - Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
  - Above-market earnings on deferred compensation which is not tax-qualified.
  - Other compensation, if the aggregate value of all such other compensation (e.g. severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds $10,000.

**GENERAL REQUIREMENTS**

**Travel Cost**: In accordance with HHS Grants Policy Statement, travel costs are only allowable where such travel will provide direct benefit to the project or program. There must be a direct benefit imparted on behalf of the traveler as it applies to the approved activities of the NoA. To prevent disallowance of cost, the grantee is responsible for ensuring that only allowable travel reimbursements are applied in accordance with their organization's established travel policies and procedures. Grantees approved policies must meet the requirements of 45 CFR Part 75, as applicable.
Food and Meals: Costs associated with food or meals are allowable when consistent with applicable federal regulations and HHS policies and guidance, which can be found at http://www.hhs.gov/grants/contracts/contract-policies-regulations/efficient-spending/index.html. In addition, costs must be proposed in accordance with grantee approved policies and a determination of reasonableness has been performed by the grantees. Grantee approved policies must meet the requirements of 45 CFR Part 75, as applicable.

Prior Approval: All requests, which require prior approval, must bear the signature of an authorized official of the business office of the grantee organization as well as the principal investigator or program or project director named on this NoA. The grantee must submit these requests by October 2, 2017 no later than 120 days prior to this budget period’s end date. Additionally, any requests involving funding issues must include an itemized budget and a narrative justification of the request.

The following types of requests require prior approval.
- Use of unobligated funds from prior budget period (Carryover)
- Lift funding restriction, withholding, or disallowance
- Redirection of funds
- Change in scope
- Implement a new activity or enter into a sub-award that is not specified in the approved budget
- Apply for supplemental funds
- Change in key personnel
- Extensions
- Conferences or meetings that were not specified in the approved budget

Templates for prior approval requests can be found at: http://www.cdc.gov/grants/alreadyhavegrant/priorapprovalrequests.html

Key Personnel: In accordance with 45 CFR Part 75.308, CDC grantees must obtain prior approval from CDC for (1) change in the project director/principal investigator, business official, authorized organizational representative or other key persons specified in the FOA, application or award document; and (2) the disengagement from the project for more than three months, or a 25 percent reduction in time devoted to the project, by the approved project director or principal investigator.

Inventions: Acceptance of grant funds obligates grantees to comply with the standard patent rights clause in 37 CFR Part 401.14.

Publications: Publications, journal articles, etc. produced under a CDC grant support project must bear an acknowledgment and disclaimer, as appropriate, for example:

This publication (journal article, etc.) was supported by the Grant or Cooperative Agreement Number, UF2 CE002427-04, funded by the Centers for Disease Control and Prevention. Its contents are solely the responsibility of the authors and do not necessarily represent the official views of the Centers for Disease Control and Prevention or the Department of Health and Human Services.

Acknowledgment Of Federal Support: When issuing statements, press releases, requests for proposals, bid solicitations and other documents describing projects or programs funded in whole or in part with Federal money, all awardees receiving Federal funds, including and not limited to State and local governments and grantees of Federal research grants, shall clearly state:

- percentage of the total costs of the program or project which will be financed with Federal money
- dollar amount of Federal funds for the project or program, and
- percentage and dollar amount of the total costs of the project or program that will be financed by non-governmental sources.

Copyright Interests Provision: This provision is intended to ensure that the public has access to the results and accomplishments of public health activities funded by CDC. Pursuant to applicable grant regulations and CDC’s Public Access Policy, Recipient agrees to submit into the National Institutes of Health (NIH) Manuscript
Submission (NIHMS) system an electronic version of the final, peer-reviewed manuscript of any such work developed under this award upon acceptance for publication, to be made publicly available no later than 12 months after the official date of publication. Also at the time of submission, Recipient and/or the Recipient’s submitting author must specify the date the final manuscript will be publicly accessible through PubMed Central (PMC). Recipient and/or Recipient’s submitting author must also post the manuscript through PMC within twelve (12) months of the publisher’s official date of final publication; however the author is strongly encouraged to make the subject manuscript available as soon as possible. The recipient must obtain prior approval from the CDC for any exception to this provision.

The author’s final, peer-reviewed manuscript is defined as the final version accepted for journal publication, and includes all modifications from the publishing peer review process, and all graphics and supplemental material associated with the article. Recipient and its submitting authors working under this award are responsible for ensuring that any publishing or copyright agreements concerning submitted articles reserve adequate right to fully comply with this provision and the license reserved by CDC. The manuscript will be hosted in both PMC and the CDC Stacks institutional repository system. In progress reports for this award, recipient must identify publications subject to the CDC Public Access Policy by using the applicable NIHMS identification number for up to three (3) months after the publication date and the PubMed Central identification number (PMCID) thereafter.

Disclaimer for Conference/Meeting/Seminar Materials: Disclaimers for conferences/meetings, etc. and/or publications: If a conference/meeting/seminar is funded by a grant, cooperative agreement, sub-grant and/or a contract the grantee must include the following statement on conference materials, including promotional materials, agenda, and internet sites:

Funding for this conference was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Logo Use for Conference and Other Materials: Neither the Department of Health and Human Services (HHS) nor the CDC logo may be displayed if such display would cause confusion as to the funding source or give false appearance of Government endorsement. Use of the HHS name or logo is governed by U.S.C. Part 1320b-10, which prohibits misuse of the HHS name and emblem in written communication. A non-federal entity is unauthorized to use the HHS name or logo governed by U.S.C. Part 1320b-10. The appropriate use of the HHS logo is subject to review and approval of the HHS Office of the Assistant Secretary for Public Affairs (OASPA). Moreover, the HHS Office of the Inspector General has authority to impose civil monetary penalties for violations (42 CFR Part 1003). Accordingly, neither the HHS nor the CDC logo can be used by the grantee without the express, written consent of either the CDC Project Officer or the CDC Grants Management Officer. It is the responsibility of the grantee to request consent for use of the logo in sufficient detail to ensure a complete depiction and disclosure of all uses of the Government logos. In all cases for utilization of Government logos, the grantee must ensure written consent is received from the Project Officer and/or the Grants Management Officer. Further, the HHS and CDC logo cannot be used by the grantee without a license agreement setting forth the terms and conditions of use.

Equipment and Products: To the greatest extent practicable, all equipment and products purchased with CDC funds should be American-made. CDC defines equipment as tangible non-expendable personal property (including exempt property) charged directly to an award having a useful life of more than one year AND an acquisition cost of $5,000 or more per unit. However, consistent with grantee policy, a lower threshold may be established. Please provide the information to the Grants Management Officer to establish a lower equipment threshold to reflect your organization’s policy.

The grantee may use its own property management standards and procedures, provided it observes provisions in applicable grant regulations found at 45 CFR Part 75.

Federal Information Security Management Act (FISMA): All information systems, electronic or hard copy, that contain federal data must be protected from unauthorized access. This standard also applies to information associated with CDC grants. Congress and the OMB have instituted laws, policies and directives that govern the creation and implementation of federal information security practices that pertain specifically to grants and.
contracts. The current regulations are pursuant to the Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002, PL 107-347.

FISMA applies to CDC grantees only when grantees collect, store, process, transmit or use information on behalf of HHS or any of its component organizations. In all other cases, FISMA is not applicable to recipients of grants, including cooperative agreements. Under FISMA, the grantee retains the original data and intellectual property, and is responsible for the security of these data, subject to all applicable laws protecting security, privacy, and research. If information collected by a grantee is provided to HHS, responsibility for the protection of the HHS copy of the information is transferred to HHS and it becomes the agency's responsibility to protect that information and any derivative copies as required by FISMA. For the full text of the requirements under Federal Information Security Management Act (FISMA), Title III of the E-Government Act of 2002 Pub. L. No. 107-347, please review the following website:

Federal Acquisition Regulations
As promulgated in the Federal Register, the relevant portions of 48 CFR section 3.908 read as follows (note that use of the term "contract," "contractor," "subcontract," or "subcontractor" for the purpose of this term and condition, should be read as "grant," "grantee," "subgrant," or "subgrantee"): 3.908 Pilot program for enhancement of contractor employee whistleblower protections.

3.908-1 Scope of section.
(a) This section implements 41 U.S.C. 4712.
(b) This section does not apply to-
(1) DoD, NASA, and the Coast Guard; or
(2) Any element of the intelligence community, as defined in section 3(4) of the National Security Act of 1947 (50 U.S.C. 3003(4)). This section does not apply to any disclosure made by an employee of a contractor or subcontractor of an element of the intelligence community if such disclosure-
(i) Relates to an activity of an element of the intelligence community; or
(ii) Was discovered during contract or subcontract services provided to an element of the intelligence community.

3.908-2 Definitions.
As used in this section-
"Abuse of authority" means an arbitrary and capricious exercise of authority that is inconsistent with the mission of the executive agency concerned or the successful performance of a contract of such agency.

"Inspector General" means an Inspector General appointed under the Inspector General Act of 1978 and any Inspector General that receives funding from, or has oversight over contracts awarded for, or on behalf of, the executive agency concerned.

3.908-3 Policy.
(a) Contractors and subcontractors are prohibited from discharging, demoting, or otherwise discriminating against an employee as a reprisal for disclosing, to any of the entities listed at paragraph (b) of this subsection, information that the employee reasonably believes is evidence of gross mismanagement of a Federal contract, a gross waste of Federal funds, an abuse of authority relating to a Federal contract, a substantial and specific danger to public health or safety, or a violation of law, rule, or regulation related to a Federal contract (including the competition for or negotiation of a contract). A reprisal is prohibited even if it is undertaken at the request of an executive branch official, unless the request takes the form of a non-discretionary directive and is within the authority of the executive branch official making the request.

(b) Entities to whom disclosure may be made.
(1) A Member of Congress or a representative of a committee of Congress.
(2) An Inspector General.
(4) A Federal employee responsible for contract oversight or management at the relevant agency.
(5) An authorized official of the Department of Justice or other law enforcement agency.
(6) A court or grand jury.
(7) A management official or other employee of the contractor or subcontractor who has the responsibility to investigate, discover, or address misconduct.

(c) An employee who initiates or provides evidence of contractor or subcontractor misconduct in any judicial or administrative proceeding relating to waste, fraud, or abuse on a Federal contract shall be deemed to have made a disclosure.

3.908-9 Contract clause.
Contractor Employee Whistleblower Rights and Requirement to Inform Employees of Whistleblower Rights (Sept. 2013)

(a) This contract and employees working on this contract will be subject to the whistleblower rights and remedies in the pilot program on Contractor employee whistleblower protections established at 41 U.S.C. 4712 by section 828 of the National Defense Authorization Act for Fiscal Year 2013 (Pub. L. 112-239) and FAR 3.908.

(b) The Contractor shall inform its employees in writing, in the predominant language of the workforce, of employee whistleblower rights and protections under 41 U.S.C. 4712, as described in section 3.908 of the Federal Acquisition Regulation.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in all subcontracts over the simplified acquisition threshold.

---

**PAYMENT INFORMATION**

**Automatic Drawdown (Direct/Advance Payments):** Payment under this award will be made available through the Department of Health and Human Services (HHS) Payment Management System (PMS). PMS will forward instructions for obtaining payments.

**PMS correspondence,** mailed through the U.S. Postal Service, should be addressed as follows:

Director, Payment Management Services  
P.O. Box 6021  
Rockville, MD 20852  
Phone Number: (877) 614-5533  
Email: PMSSupport@psc.gov  

**Note:** To obtain the contact information of PMS staff within respective Payment Branches refer to the links listed below:

- International Payment Branch: Bhavin Patel (301) 492-4918  
  Email: Bhavin.patel@psc.hhs.gov
If a carrier other than the U.S. Postal Service is used, such as United Parcel Service, Federal Express, or other commercial service, the correspondence should be addressed as follows:

U.S. Department of Health and Human Services
Division of Payment Management
7700 Wisconsin Avenue, Suite 920
Bethesda, MD 20814

To expedite your first payment from this award, attach a copy of the Notice of Grant/Cooperative Agreement to your payment request form.

Payment Management System Subaccount: Effective October 1, 2013, a new HHS policy on subaccounts requires the CDC setup payment subaccounts within the Payment Management System (PMS) for all grant awards. Funds awarded in support of approved activities have been obligated in a newly established subaccount in the PMS, herein identified as the "P Account". A "P Account" is a subaccount created specifically for the purpose of tracking designated types of funding in the PMS.

Funds must be used in support of approved activities in the FOA and the approved application. All award funds must be tracked and reported separately.

The grant document number and subaccount title (below) must be known in order to draw down funds from this P Account.

Grant Document Number: 002427RP14
Subaccount Title: CE141401RAPEPREVEDUC

Acceptance of the Terms of an Award: By drawing or otherwise obtaining funds from the grant Payment Management Services, the grantee acknowledges acceptance of the terms and conditions of the award and is obligated to perform in accordance with the requirements of the award. If the recipient cannot accept the terms, the recipient should notify the Grants Management Officer within thirty (30) days of receipt of this award notice.

Certification Statement: By drawing down funds, the grantee certifies that proper financial management controls and accounting systems, to include personnel policies and procedures, have been established to adequately administer Federal awards and funds drawn down. Recipients must comply with all terms and conditions outlined in their NoA, including grant policy terms and conditions contained in applicable HHS Grant Policy Statements, and requirements imposed by program statutes and regulations and HHS grants administration regulations, as applicable; as well as any regulations or limitations in any applicable appropriations acts.

CDC ROLES AND RESPONSIBILITIES

Roles and Responsibilities: Grants Management Specialists/Officers (GMO/GMS) and Program/Project Officers (PO) work together to award and manage CDC grants and cooperative agreements. From the pre-planning stage to closeout of an award, grants management and program staff have specific roles and responsibilities for each phase of the grant cycle. The GMS/GMO is responsible for the business management and administrative functions. The PO is responsible for the programmatic, scientific, and/or technical aspects. The purpose of this factsheet is to distinguish between the roles and responsibilities of the GMO/GMS and the PO to provide a description of their respective duties.

Grants Management Officer: The GMO is the federal official responsible for the business and other non-programmatic aspects of grant awards including:

- Determining the appropriate award instrument, i.e.; grant or cooperative agreement
- Determining if an application meets the requirements of the FOA
- Ensuring objective reviews are conducted in an above-the-board manner and according to guidelines set forth in grants policy
- Ensuring grantee compliance with applicable laws, regulations, and policies
- Negotiating awards, including budgets
- Responding to grantee inquiries regarding the business and administrative aspects of an award
- Providing grantees with guidance on the closeout process and administering the closeout of grants
- Receiving and processing reports and prior approval requests such as changes in funding, carryover, budget redirection, or changes to the terms and conditions of an award
- Maintaining the official grant file and program book

The GMO is the only official authorized to obligate federal funds and is responsible for signing the NoA, including revisions to the NoA that change the terms and conditions. The GMO serves as the counterpart to the business officer of the recipient organization.

**GMO Contact:**
Rene Benyard, Grants Management Officer (GMO)
Office of Financial Resources
Office of Grants Services
Centers for Disease Control and Prevention (CDC)
2960 Brandywine Road, MS-E01
Atlanta, Georgia 30341-4146
Telephone: (770) 488-2757
Internet Address: bnb8@cdc.gov

**Grants Management Specialist:** The GMS is the federal staff member responsible for the day-to-day management of grants and cooperative agreements. The GMS is the primary contact of recipients for business and administrative matters pertinent to grant awards. Many of the functions described above are performed by the GMS on behalf of the GMO.

**GMS Contact:**
Terrian J. Dixon, Grants Management Specialist
Office of Financial Resources
Office of Grants Services
Centers for Disease Control and Prevention
2960 Brandywine Road, MS-E01
Atlanta, Georgia 30341-4146
Telephone: (770) 488-2774
Internet Address: thd4@cdc.gov

**Program/Project Officer:** The PO is the federal official responsible for the programmatic, scientific, and/or technical aspects of grants and cooperative agreements including:
- The development of programs and FOAs to meet the CDC’s mission
- Providing technical assistance to applicants in developing their applications e.g. explanation of programmatic requirements, regulations, evaluation criteria, and guidance to applicants on possible linkages with other resources
- Providing technical assistance to grantees in the performance of their project
- Post-award monitoring of grantee performance such as review of progress reports, review of prior approval requests, conducting site visits, and other activities complementary to those of the GMO/GMS

**Programmatic Contact:**
Kathryn Jones, Project Officer
Centers for Disease Control
National Center for Injury Prevention and Control
4770 Buford Highway, NE, Mail Stop F-64

Technical Review

Awardee’s Name: Missouri Department of Health & Senior Services

Grantee #: 5 UF2 CE002427-04 Budget Year: FY17

FOA #: CE14-1401-04 Title: Rape Prevention and Education

Requested Amount: $612,658 Recommended Award Amount: $612,658

1. Response to Technical Review (check one):

___ The awardee must submit a response to the weakness(es) and recommendations
identified in the Technical Review within 30 days from receipt date of the notice of award

___ X___ No response to Technical Review is required.

2. Budget and Work-plan:

___ Revised budget is required due to (provide reason(s)):

___ Revised workplan is required due to (provide reason(s)):

___ X___ Revised budget and work-plan are NOT required.

3. Performance (check one):

___ X___ The project officer certifies performance is satisfactory to date and continued funding is
recommended.

___ The project officer certifies performance is not fully satisfactory to date and weaknesses
and recommendations should be addressed, continued funding should be restricted until major
weaknesses and recommendations noted in Technical Review section A. Current Budget
Period Progress report are met.

___ The project officer has determined performance to date has been less than satisfactory and
continued funding is denied. The project officer’s determination is based on below factual data
as published in the announcement.

Project Officer’s Name:
Kathryn M. Jones

(Print Name)

Project Officer’s Signature (mandatory): __________________________ Date: 11/21/16
A thorough review of the annual performance report has been performed. The review considered the performance criteria published in the funding opportunity announcement. Based on the review, the following strengths and/or weaknesses were identified:

I. Current Budget Period Progress:
Component 1: Implementation of Sexual Violence Prevention Strategies Using a Public Health Approach (Program Report Tool)

Comments:
Public Health Approach: Define and Monitor the Problem – All prevention strategies have a clear description of the needs and sexual violence problem in the selected target populations. For all prevention strategies, at least one data source listed was used to inform selection of the target population.
Public Health Approach: Identify Risk and Protective Factors – For all prevention strategies at least one risk or protective factor has been identified. Some risk and protective factors may not align with identified strategies.
Public Health Approach: Implement and Evaluate Prevention Strategies – For all prevention strategies, at least one of the listed data sources was used to inform selection and at least one type of implementation data or information is collected. For all prevention strategies, at least one type of outcome data or information is collected. For all prevention strategies, information or data are used for program improvement. MDHSS and its contractors are implementing only one strategy, Green Dot.
Public Health Approach: Assure Widespread Adoption and Implementation of Prevention Strategies – Information or lessons learned have been disseminated.
Prevention Principle: Primary Prevention – For all prevention strategies, there is a clear description of a goal and/or activity related to primary prevention of sexual violence and all prevention strategies relate to one of the seven permitted uses or a community change strategy.
Prevention Principle: Evidence-Based – All prevention strategies are evidence-based and have a strong theory of change.
Prevention Principle: Comprehensive – Across prevention strategies, change is expected to occur at more than two levels of the Social Ecological Model (SEM). All prevention strategies address risk and/or protective factors at more than one level of the SEM.
Reach Impact – For all prevention strategies, actual reach and/or reach impact is reported.
Alignment of Prevention Strategies with Program Goals – All prevention strategies have an associated work plan goal identified.

Component 2: Provision of Training and Technical Assistance to RPE-funded Organizations on the Implementation of SV Prevention Strategies

Comments:
MDHSS provided five trainings through the RPE Program, including three Green Dot Instructor Certification Trainings, one Green Dot Student Leadership Training, and one Prevention as Social Change: Principles of Prevention training. They also provided 144 technical assistance opportunities throughout the year. All training and technical assistance was evaluated.

Component 3: Participation in CDC-sponsored Program Support Activities

Comments:
MDHSS participated in the majority of CDC-sponsored program support activities, including the
2015 RPE Leadership Training, the majority of the MRS webinars, and numerous other learning opportunities.

Summary of Major Strengths:
MDHSS submitted a complete Program Report Tool document, with only one strategy detailed and alignment between the Program Report Tool and the Work Plan Tool. The strategy identified is evidence-based and has a strong theory of change. The strategy was selected based on data and a systematic assessment of the needs and resources within the state. Process evaluation data is collected across strategies and is used for program improvement, however information is not disseminated outside of communication with the contractors and CDC.

Summary of Major Weaknesses:
There are no notable major weaknesses noted in this review.

Recommendations:
There are no recommendations for improvement required through this review.

Other Relevant Comments:
- Some of the selected risk and protective factors identified may not align with the identified strategy. The Project Officer will discuss the alignment of these risk and protective factors on future monthly calls.
- Reach measurements were provided, but it may be important to increase the types of reach measured through the prevention efforts.

Successes:
- MDHSS has selected Green Dot as its primary strategy, and has now worked with the same college and university contractors for a number of years on the implementation of this strategy, including providing ongoing training and technical assistance.
- MDHSS has contracted with an evaluation contractor, which has improved the fidelity of implementation and the consistency of outcome and process evaluation.
- MDHSS participates in the Partners in Prevention (PIP) consortium, which brings together colleges and universities across the state to engage in shared learning and growth.
- MDHSS provided two Success Stories, one from the University of Missouri-Columbia and one from Metropolitan Organization to Counter Sexual Assault (MOCSA).

Challenges:
- MDHSS had an open RPE Program Coordinator position for the majority of this reporting period and had difficulty filling the position.
- The evaluation contractor changed academic institutions, which delayed the renewal of the contract.

CDC Program Support to Awardees:
- CDC
  - MDHSS stated appreciation for the increased opportunities through webinars and conference calls.
- NSVRC/PreventConnect
  - MDHSS did not provide information on how CDC-sponsored technical
assistance providers (NSVRC & PreventConnect) could help them achieve national and state programmatic goals.

Other:

II. New Budget Period Proposed Objectives and Activities (Work Plan Tool)

1. Work Plan Y4

Summary of Major Strengths:
The MDHSS Work Plan included all necessary elements, including goals, annual objectives, responsible parties, and activity progress measures. The Work Plan goals and annual objectives aligned, and they also aligned with the Program Report Tool. All work occurring through the MDHSS RPE Program is represented in the Work Plan, including the work of contractors. It is clear through the Work Plan goals and objectives that MDHSS is working diligently to apply the Public Health Approach and the prevention principles to their work.

Summary of Major Weaknesses:
No noted weaknesses were identified as part of this review.

Recommendations:
No recommendations are necessary for this review.

Other Relevant Comments:

III. Evaluation Plan
The evaluation plan includes most of the necessary components. Some objectives did not include evaluation questions. The evaluation plan and the work plan align. Evaluation questions align with evaluation plan objectives. Some indicators may need to be strengthened to ensure they align with the stated evaluation plan objectives. Most of the evaluation plan objectives are written in SMART format, although some of the objectives should be re-written to be more specific and measureable. The Project Officer will work with MDHSS and its evaluation contractor to make these adjustments.

IV. Organizational Chart
MDHSS provided an organizational chart with its application submission. In future submissions, it may be helpful to provide additional information in the organizational chart, to show the placement of the Division within the context of the rest of the Health Department.

V. Budget Y4
The budget is allowable and reasonable. All contractual elements for contractors was provided. No funds are budgeted for surveillance. Administrative costs stay within legislative limits for MDHSS and its contractors. One contractor is still to be selected. MDHSS will provide information for this contractor when it is available.

Other Relevant Comments:
