1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number DP23-0020, entitled “A Strategic Approach to Advancing Health Equity for Priority Populations with or at Risk for Diabetes”, and application dated February 8, 2024, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NOA).

Total Approved Funding is included in Summary Federal Award Financial Information on page 1 of the NOA. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Approved Component Funding: The NOFO provides for the funding of multiple components under this award. For this NOA, the approved funding level for each component is shown below:

NOFO Component	Amount
Component A	\$ 1,000,000
Component B	\$ 0
Component C	\$ 0

Financial Assistance Mechanism: Cooperative Agreement

Technical Review: Within 5 days of this Notice of Award’s (NOA) issue date, the Technical Review will be accessible to the recipient in GrantSolutions Grant Notes. Contact the assigned Program Officer indicated in the NOA with any questions regarding this document or any follow up requirements and timelines set forth therein.

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

CDC will work in partnership with recipients to ensure the success of the cooperative agreement by:

- Supporting recipients in implementing cooperative agreement requirements and meeting program outcomes;
- Assisting recipients in advancing program activities to achieve project outcomes;
- Providing scientific subject matter expertise and resources in support of the selected strategies;

- Collaborating with recipients to develop and implement evaluation plans that align with CDC evaluation activities;
- Providing technical assistance on recipients' evaluation and performance measurement plans;
- Providing technical assistance to define and operationalize performance measures;
- Using webinars and other social media for recipients and CDC to communicate and Page 2 share tools and resources; and
- Translating and disseminating lessons learned through publications, meetings, and other means on promising and best practices to expand the evidence base

In addition, CDC will fund a recipient organization under a companion NOFO, CDC-RFADP23-0021, A Strategic Approach to Advancing Health Equity for Priority Populations with or at Risk for Diabetes—Subject Matter Expertise, Training, and Technical Assistance. This recipient organization will work closely with CDC to:

- Provide supplemental technical support through a network of partners and subject matter experts;
- Establish peer learning communities to facilitate the sharing of information among recipients;
- Provide professional development and training opportunities for the purpose of sharing the latest science, best practices, success stories, and program models;
- Develop guidance documents and other resources to ensure relevant knowledge and skills to implement evidence-based approaches to diabetes management and type 2 diabetes prevention and risk reduction in priority populations; and
- Host a meeting/training during the first year of the period of performance and later in the period of performance (for a total of 2 meetings/trainings for recipients)

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of carried over unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

FUNDING RESTRICTIONS AND LIMITATIONS

Indirect Costs:

Indirect costs are approved based on the negotiated indirect cost rate agreement dated March 3, 2023, which calculates indirect costs as follows, a Final is approved at a rate of 20.80% of the base, which includes, direct salaries and wages including all fringe benefits. The effective dates of this indirect cost rate are from July 2, 2023 to June 30, 2024.

Missing Contractual Elements – The contracts listed below are **not** approved and the recipient may not begin the contracts until the contractor’s name, itemized budget with justification, and until the notes in the Budget Revision Requirement section are addressed and are provided via Grant Solutions as a notification of contractor amendment and GMO approval is provided via Notice of Award.
