All the other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise changed, in writing, by the Grants Management Officer.

CLOSEOUT REQUIREMENTS

Recipients must submit closeout reports in a timely manner. Unless the Grants Management Specialist/Grants Management Officer (GMS/GMO) approves a deadline extension, the recipient must submit all closeout reports within 90 days of the period of performance end date. Reporting timeframe is **01/01/2013** through **12/31/2017**. Failure to submit timely and accurate final reports may affect future funding to the organization or awards under the direction of the same Project Director/Principal Investigator (PD/PI).

All manuscripts published as a result of the work supported in part or whole by the cooperative grant must be submitted with the performance progress reports.

The final and other programmatic reports required by the terms and conditions of the NoA are the following.

Final Performance Progress and Evaluation Report (PPER): This report should include the information specified in the NOFO and is submitted after solicitation from the GMS/GMO via www.grantsolutions.gov . At a minimum, the report will include the following:

- Statement of progress made toward the achievement of originally stated aims.
- Description of results (positive or negative) considered significant.
- List of publications resulting from the project, with plans, if any, for further publication.

Information collection initiated under this grant/cooperative agreement has been approved by the Office of Management and Budget under **OMB Number 0920-1132** (or “**Performance Progress and Monitoring Report**”, **Expiration Date 8/31/2019**).

Final Federal Financial Report (FFR, SF-425): The FFR should only include those funds authorized and actually expended during the timeframe covered by the report. The Final FFR, SF-425 is required and must be submitted to the GMO/GMS no later than 90 days after the period of performance end date. To submit the FFR, login to www.grantsolutions.gov, select “Reports” from the menu bar and then click on Federal Financial Reports.

This report must indicate the exact balance of unobligated funds and may not reflect any unliquidated obligations. Should the amount not match with the final expenditures reported to the Department of Health and Human Services’ Payment Management Services (PMS), you will be required to update your reports to PMS accordingly. Remaining unobligated funds will be de-obligated and returned to the U.S. Treasury.

If the final reports (FFR and PPER) cannot be submitted within 90 days after the end of the period of performance, in accordance with 45 CFR Part 75.381 (Closeout), the recipient must submit a letter requesting an extension that includes the justification for the delay and state the expected date the CDC Office of Grants Services will receive the reports. All required documents must be submitted to the business contact identified in CDC Staff Contacts.

Equipment Inventory Report: A complete inventory must be submitted with final PPER documents for all major equipment acquired or furnished under this project with a unit acquisition cost of \$5,000 or more. The inventory list must include the description of the item, manufacturer serial and/or identification number, acquisition date and cost, percentage of Federal funds used in the acquisition of the item. The recipient should also identify each item of equipment that it wishes to retain for continued use in accordance with 45 CFR Part 75. These requirements do apply to equipment purchased with non-federal funds for this program. The awarding agency may exercise its rights to require the transfer of equipment purchased under the assistance award referenced in the cover letter. CDC will notify the recipient if transfer to title will be required and provide disposition instruction on all major equipment. Equipment with a unit acquisition cost of less than \$5,000 that is no longer to be used in projects or programs currently or previously sponsored by the Federal Government may be retained, sold, or otherwise disposed of, with no further obligation to the Federal Government. If no equipment was acquired under this award, a negative report is required.

Final Invention Statement: A Final Invention Statement must be submitted with the final PPER documents. Electronic versions of the form can be downloaded by visiting <http://grants1.nih.gov/grants/hhs568.pdf>. If no inventions were conceived under this assistance award, a negative report is required.
