[42 USC CHAPTER 6A, SUBCHAPTER XVII. PART A: Preventative Health and Health Services Block Grants \(house.gov\)](#)

Prohibited Uses

A State may not use amounts paid to it under section 300w-2 of this title to:

- (1) provide inpatient services,
- (2) make cash payments to intended recipients of health services,
- (3) purchase or improve land, purchase, construct, or permanently improve (other than minor remodeling) any building or other facility, or purchase major medical equipment,
- (4) satisfy any requirement for the expenditure of non-Federal funds as a condition for the receipt of Federal funds, or
- (5) provide financial assistance to any entity other than a public or nonprofit private entity.

Indirect Costs: Limitation on administrative costs - USC Title 42, The Public Health, and Welfare Chapter 6A—Public Health Services Subchapter XVII Block Grants Part A—Preventive Health and Health Services Block Grants. Of the amount paid to any State under section 300w-2 of this title, not more than 10 percent paid from each of its allotments under subsections (a) and (b) of section 300w-1 of this

title may be used for administering the funds made available under section 300w-2 of this title. The State will pay from non-Federal sources the remaining costs of administering such funds.

Maintenance of Effort (MOE) Requirement: MOE represents an applicant/recipient historical level of contributions related to federal programmatic activities which have been made prior to the receipt of federal funds "expenditures (money spent)." MOE is used as an indicator of non-federal support for public health before the infusion of federal funds. These expenditures are calculated by the recipient without reference to any federal funding that also may have contributed to such programmatic activities in the past. Recipients must stipulate the total dollar amount in their grant applications. Recipients must be able to account for MOE separately from accounting for federal funds and separately from accounting for any matching funds requirement; this accounting is subject to ongoing monitoring, oversight, and audit. MOE may not include any matching funds requirement.

Block Grant Recipients: With respect to the activities authorized in Title 42, Chapter 6A, Subchapter XVII, Part A, Section 300w-3, the State agrees to maintain State expenditures for such activities at a level that is not less than the average level of such expenditures maintained by the State for the 2-year period preceding the fiscal year for which the State is applying to receive payments under section 300w-2.

Maintenance of Effort Example

NOA# 1NB1PW00888-01-00	FY22	FY23
Total Authorized Award Amount	\$750,000	\$750,000
Award Amounts Allocated for Health Objectives Receiving Block and non-federal funding	\$265,000 - Infant and Early Childhood Screening and Prevention	\$347,000 - Infant and Early Childhood Screening and Prevention
MOE Calculations	Example - Maintenance of Effort (MOE) calculations: MOE for FY24 calculated below: Calculate the average from the prior 2 years (FY22 and FY23) for	

	Health Objectives (HO) that receive both Block (federal) and non-federal funding	
Average = FY22 (\$265,000) and /FY23 (\$347,000) divided by 2 = \$306,000	Average (FY22 + FY23)/2 = \$306,000*	
*In the example, State must maintain effort at a level of \$306,000 or higher for the HO—Infant and Early Childhood Screening and Prevention which is receiving both federal (Block) and non-federal funding.
