

# MEMO

---

July 26, 2019

The Missouri State Public Health Laboratory (MSPHL) will be implementing a new format for our Laboratory Result Reports effective 08/08/2019 at 12:00 pm. All testing areas with the exception of Newborn Screening, HIV, Gonorrhea/Chlamydia and Syphilis will be affected by this new format.

All data that was previously on the result report remains on the new result report just formatted differently. Fields have been moved to enhance ease of reading result reports.

If you have comments or questions regarding the new format, please send an email to [OpenElisWebportal@health.mo.gov](mailto:OpenElisWebportal@health.mo.gov) or feel free to call the laboratory at 573-751-3334.
