   Model: Healthy Families America

3) Maternal, Infant and Early Childhood Home Visiting
   (MIECHV funding)
   Model: Nurse Family Partnership, Early Head Start-Home
   Based Options, Parents as Teachers
Purpose

- DHSS requires each home visiting site that contracts with the DHSS Home Visiting Program to conduct a customer satisfaction survey annually.
- Survey results are used by the DHSS Home Visiting Programs to work with the contractors to develop and implement a process for addressing and resolving programmatic and implementation issues.
Survey

- The current home visiting customer satisfaction review is based on participant responses to the annual home visiting customer satisfaction survey conducted from October 1, 2016 through December 31, 2016
Responses Received by Model

- EHS: 143
- HFMoHV: 129
- NFP: 302
- PAT: 44
Demographics of Respondents

Age

- Under 15: 0.3%
- 15-17: 6.3%
- 18-19: 11.5%
- 20-24: 39.6%
- 25-29: 24.6%
- 30-34: 9.5%
- 35-39: 5.6%
- 40-44: 1.5%
- 45 and over: 0.1%
Demographics of Respondents

Race

- American Indian or Alaska Native: 0.1%
- Asian: 0.5%
- Black or African American: 41.1%
- Multiple Races: 5.1%

- Does Not Apply - Change Not Needed: 18.10%
Summary of the Survey

- 99.7% of the respondents rated their perceived quality of services received from home visitation staff as “Good or “Excellent” and 99.1% of the respondents indicated they would definitely or probably recommend the home visiting service to others.
- Almost all respondents reported that their home visitor often discussed topics such as child development, health, and safe sleep.
- Each of the nine positive characteristics (good listener, understanding, encourages me, truthful, on time, organized, available, educated and caring) was circled by at least 79% of the respondents. None of the negative characteristics (unorganized, does not listen, unavailable, dishonest, and rude) were selected more than 0.6% of the time.
- Many participants felt they had a significant level of positive change in each of the five areas of ability and skill: parenting, relationships, healthcare, living situation, and mother’s well-being.
