

## I X. MONITORING AND AUDITS

(Please indicate) **State Agency: Missouri** for FY 2025

**Monitoring and Audits involves State agency efforts to review local agency/clinic activities on an ongoing and timely basis, and to track all audits involving WIC Program activity.**

**During disasters, emergencies, public health emergencies, or a supply chain disruption, including infant formula recalls, the State agency may request to implement existing and allowable regulatory flexibilities or waivers to support the continuation of Program benefits and services. Waivers granted under Access to Baby Formula Act of 2022 (codified at 7 CFR 246.4a(30)) or temporary provision(s) authorized by Congress are not permanent amendments to the State Plan; however, State agencies should consider any historical amendments as the result of waivers granted under prior waiver authority to develop policies and procedures for current and future disasters.**

**A. Monitoring-246.19(b): requires State agencies to establish a management evaluation system.**

**B. Audits-Subpart F to 2 CFR Part 200, as applicable: describe State agency audit responsibilities.**
