

## Online Hemocue Training

Go to <http://a28935.actonservice.com/acton/media/28935/hemocue-university-lms>. Register (if it is your first time to use Hemocue University site), and then Login (if you are a registered user) to Hemocue University.

**Welcome to HemoCue University**

HemoCue University is a series of learning modules designed to ensure your team is trained annually on the basics of system use, specimen collection, and product maintenance --- based upon your job category. Our on-demand programs train your staff via online module. At the conclusion of the program, your team will be considered a qualified user and receive a certificate honoring this achievement.

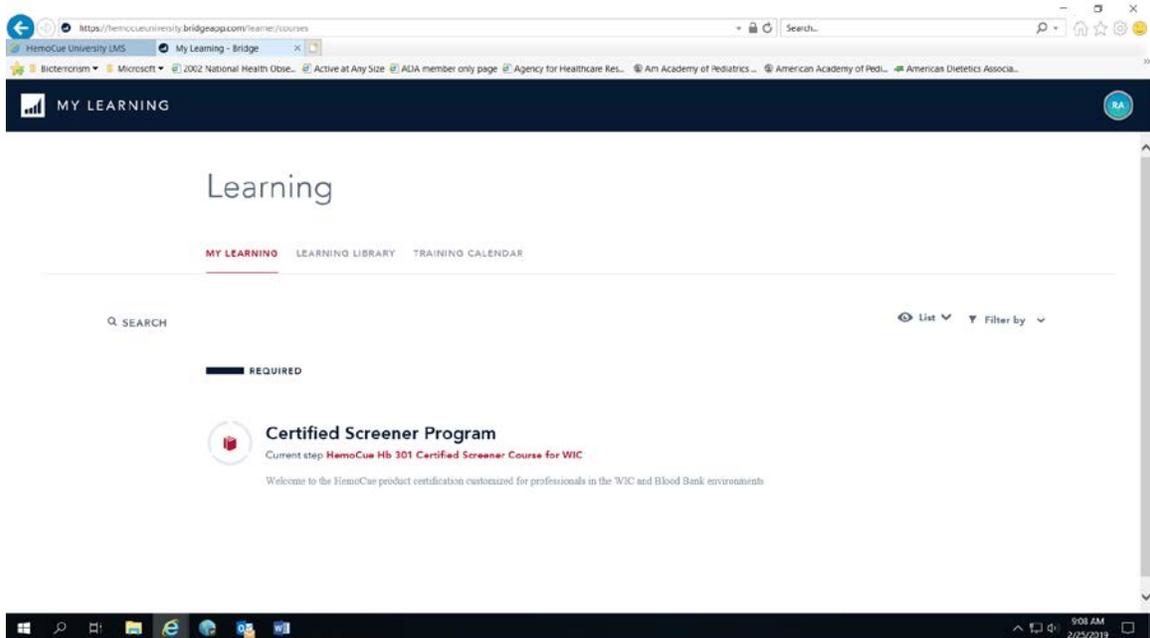

Our training programs include:

- **HemoCue Certified User** - Receive training on HemoCue analyzers and Beckman Coulter Rapid Diagnostic products (Hb 201+, Glucose 201, Albumin 201, Hemocult ICT, Hemocult SENSA, ICON 20 hCG, ICON Mono, ICON H. Pylori, ICON Strep A, StatSpin Express 2 Centrifuge, StatSpin Express 3 Centrifuge, and StatSpin Express 4 Centrifuge).
- **HemoCue Certified Screener** - Designed for those customers in WIC or Blood Bank environments (Hb 301 and Hb 201+).

Please use the links to register (if this is your first time visiting us) or login (if you are returning to complete modules).
