**Trauma • Stroke • Heart Attack**

Accidents, falls, stroke or heart attack...

Many times it is obvious when an injury or serious medical condition demands a 911 call. But in some cases it is difficult to know.

When you don't know, call 911. Let professionals help determine if an ambulance is needed.

Treatment begins as soon as emergency medical responders arrive. The hospital is alerted so a specialized medical team is ready to continue your care as soon as you arrive. Minutes matter. Call 911.
