

Ending the HIV Epidemic in Missouri Community Engagement Forum Events

2022 Save the Date

Please join the Missouri Department of Health and Senior Services (DHSS) at an upcoming community engagement forum to discuss and inform the efforts to end the HIV epidemic by 2030. DHSS and the Ending the HIV Epidemic (EHE) partners want to hear the barriers encountered to prevent, diagnosis and treat HIV and understand how to improve services. Each event will include a presentation on the current Ending the HIV Epidemic activities and encourage candid feedback to end the epidemic together.

Upcoming dates:

**Disease Intervention Specialists,
HIV, and Partner Services**
Tuesday, September 13, 2022
5:30 – 6:30 p.m.

**Ending the HIV Epidemic In Missouri:
A Year in Review**
Tuesday, December 13, 2022
5:30 – 6:30 p.m.

Watch your inbox for updates on specific event information and RSVP details. To stay up to date on all things Ending the HIV Epidemic in Missouri, visit the dedicated webpage speakuphiv.com/ehe.

Have questions? Feedback to share? Want to get involved? Email: EHE@health.mo.gov.

Please share this information! We want to hear from persons living with HIV, community members impacted by HIV, local care and prevention planning bodies, stakeholders from organizations currently implementing HIV prevention and care programs, faith-based organizations, community-based organizations, local public health departments and federally qualified health centers.

Thank you for your feedback and participation!
