Table 5: Imported Zika infections

Arbovirus	Case Status	Laboratory Confirmed	Imported From	Onset Date	Fatality	Hospitalized
N/A	N/A	N/A	N/A	N/A	N/A	N/A

WNV = **West Nile Virus**

SLE = **St.** Louis encephalitis virus

DEN = **Dengue virus**

EEE = **Eastern Equine encephalitis virus**

CHIK = Chikungunya virus

ZIKA = **Zika** virus

N/A = Information not available

*The immediate causes of death in patients with West Nile and other related viral encephalitis commonly include pneumonia, heart attack, pulmonary embolism, septicemia, etc., rather than direct neurological damage or dysfunction, per se. For some individuals with serious pre-existing health problems, West Nile virus infection is a contributory cause of death.
