

URGENT-UPDATED ROTAVIRUS VIS

The major change to the Rotavirus VIS involves the estimated rates of intussusception following vaccination. Please pay careful attention to bullet 5, “What if there is a serious reaction?”. Providers should begin using the new VIS immediately as this change concerns a potential adverse event.

All VIS's may be found at <http://www.cdc.gov/vaccines/hcp/vis/index.html>. The rotavirus VIS may be found at <http://www.cdc.gov/vaccines/hcp/vis/vis-statements/rotavirus.html>.

If you have any questions, please contact the VFC program at 800-219-3224.
