October 30, 2013

Dear Vaccines for Children Program Provider:

On October 24, 2013, the Missouri Department of Health and Senior Services' Bureau of Immunization Assessment and Assurance sent a fax message informing providers of an April 2014 launch of a new online vaccine ordering system for the Vaccines for Children (VFC) program.

In order to prepare for the new system, a memorandum of agreement (MOA) must be completed by each VFC provider who currently does not have staff with access to ShowMeVax. The individual responsible for the facility (i.e. chief executive officer, executive director, physician, owner, etc.) must sign the agreement. Please return the signed MOA, with your VFC PIN noted next to your facility name by fax to 573-526-0238 or email showmevaxsupport@health.mo.gov. Once the MOA is received, we will begin the approval process and you will be notified with the next steps to take in order to gain access to the system.

If you have questions, please contact the ShowMeVax help desk at showmevaxsupport@health.mo.gov or 877-813-0933.

Thank you,

Damon Ferlazzo, ShowMeVax Coordinator
Bureau of Immunization Assessment and Assurance
